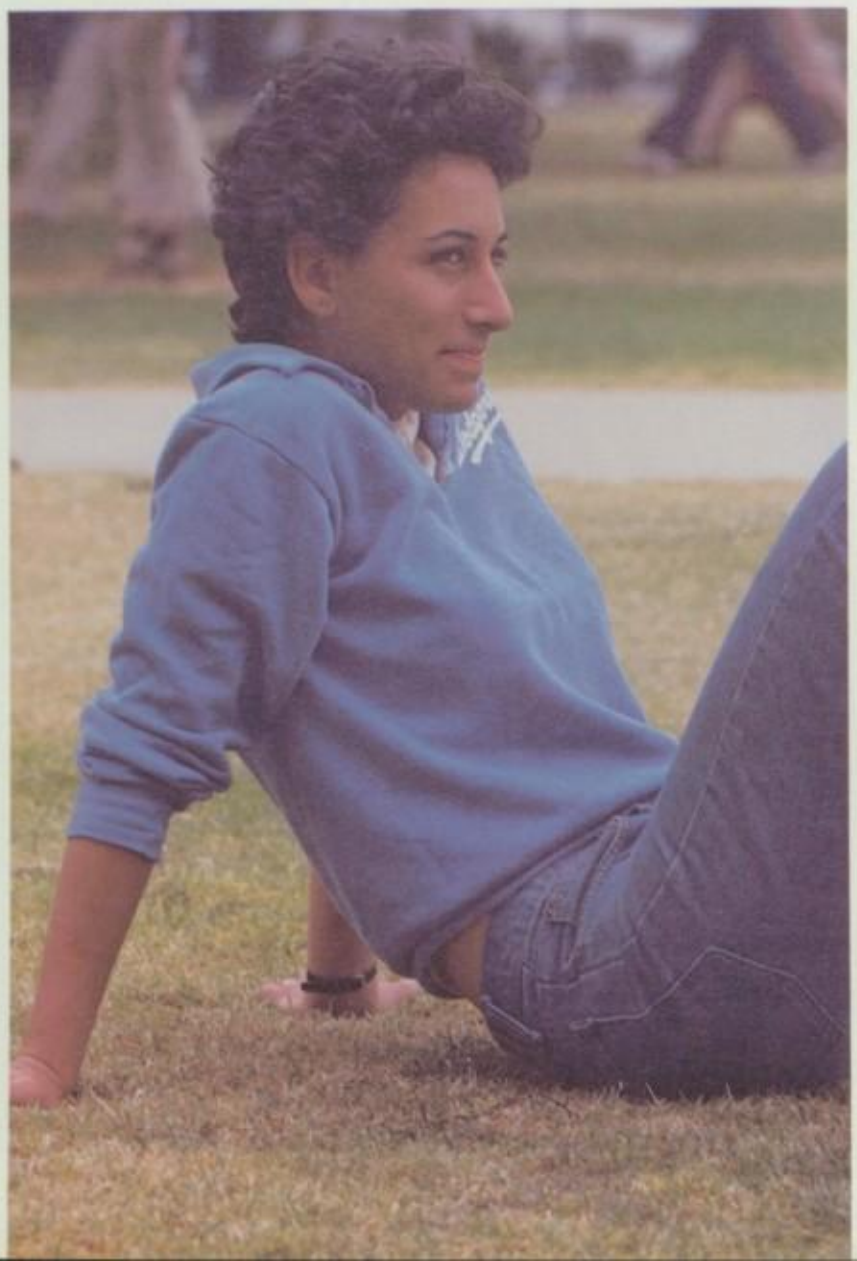
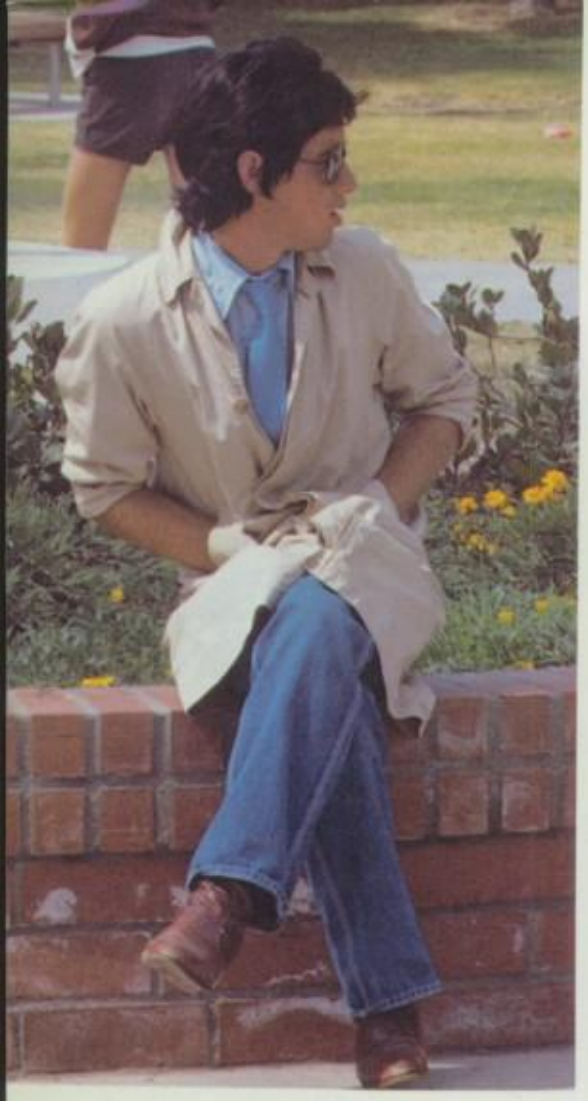
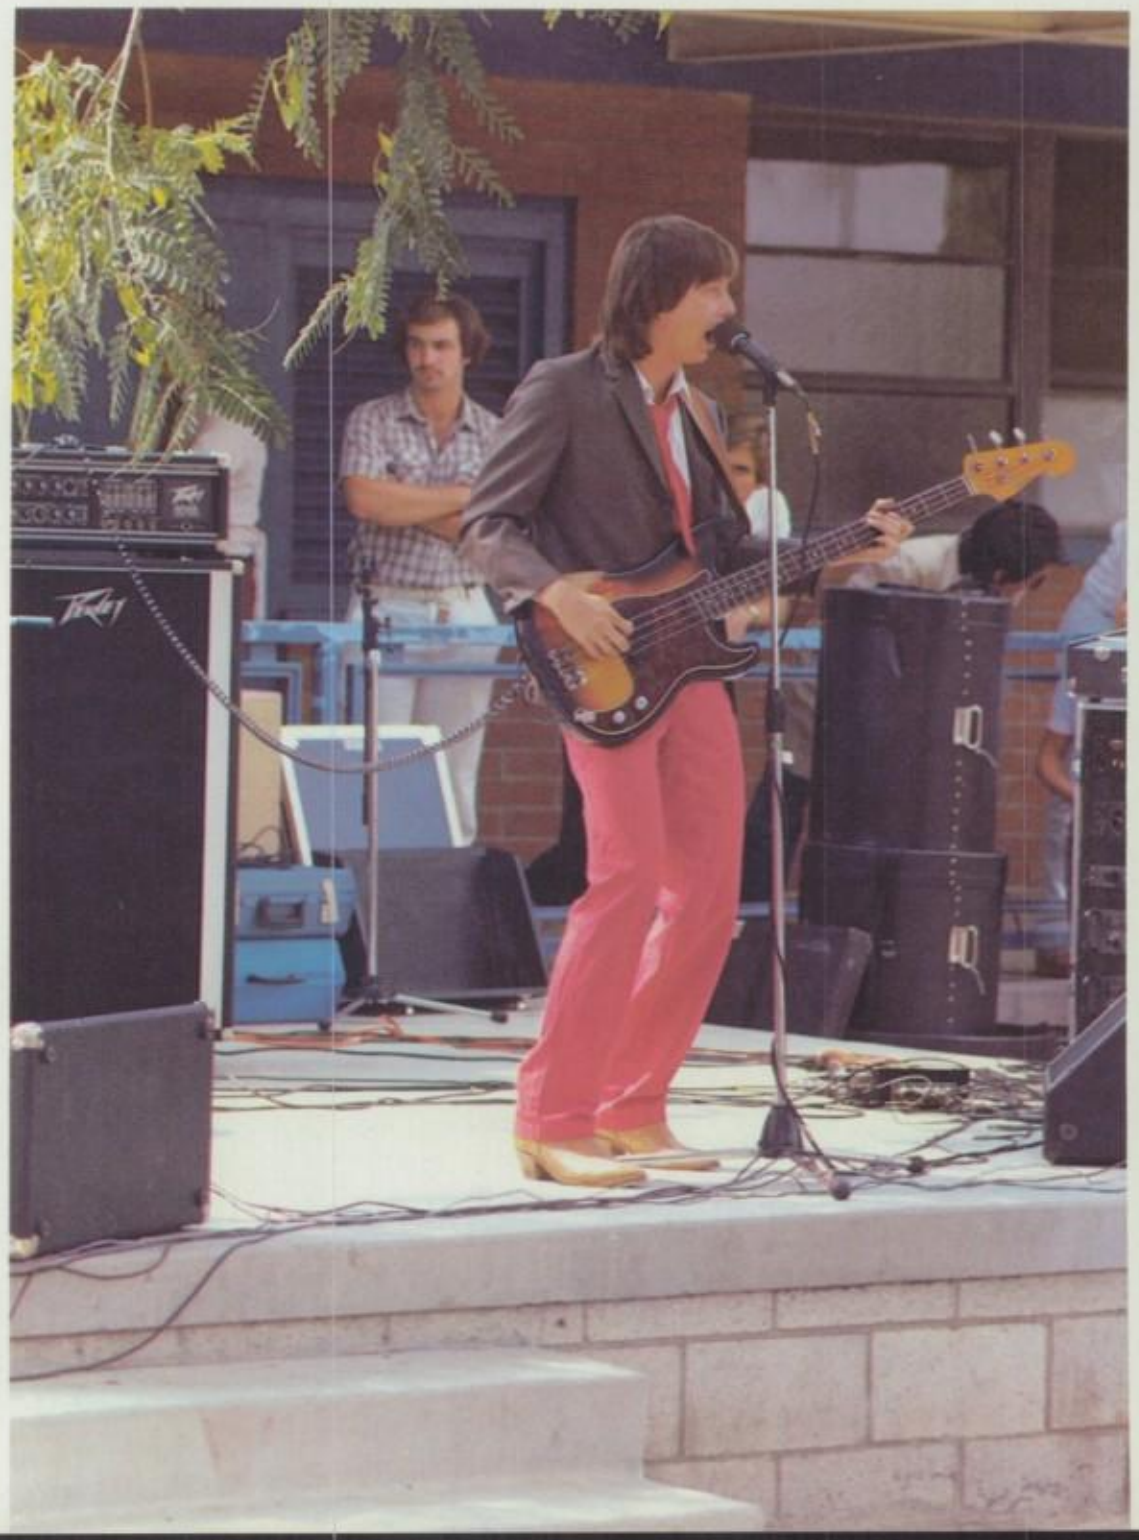
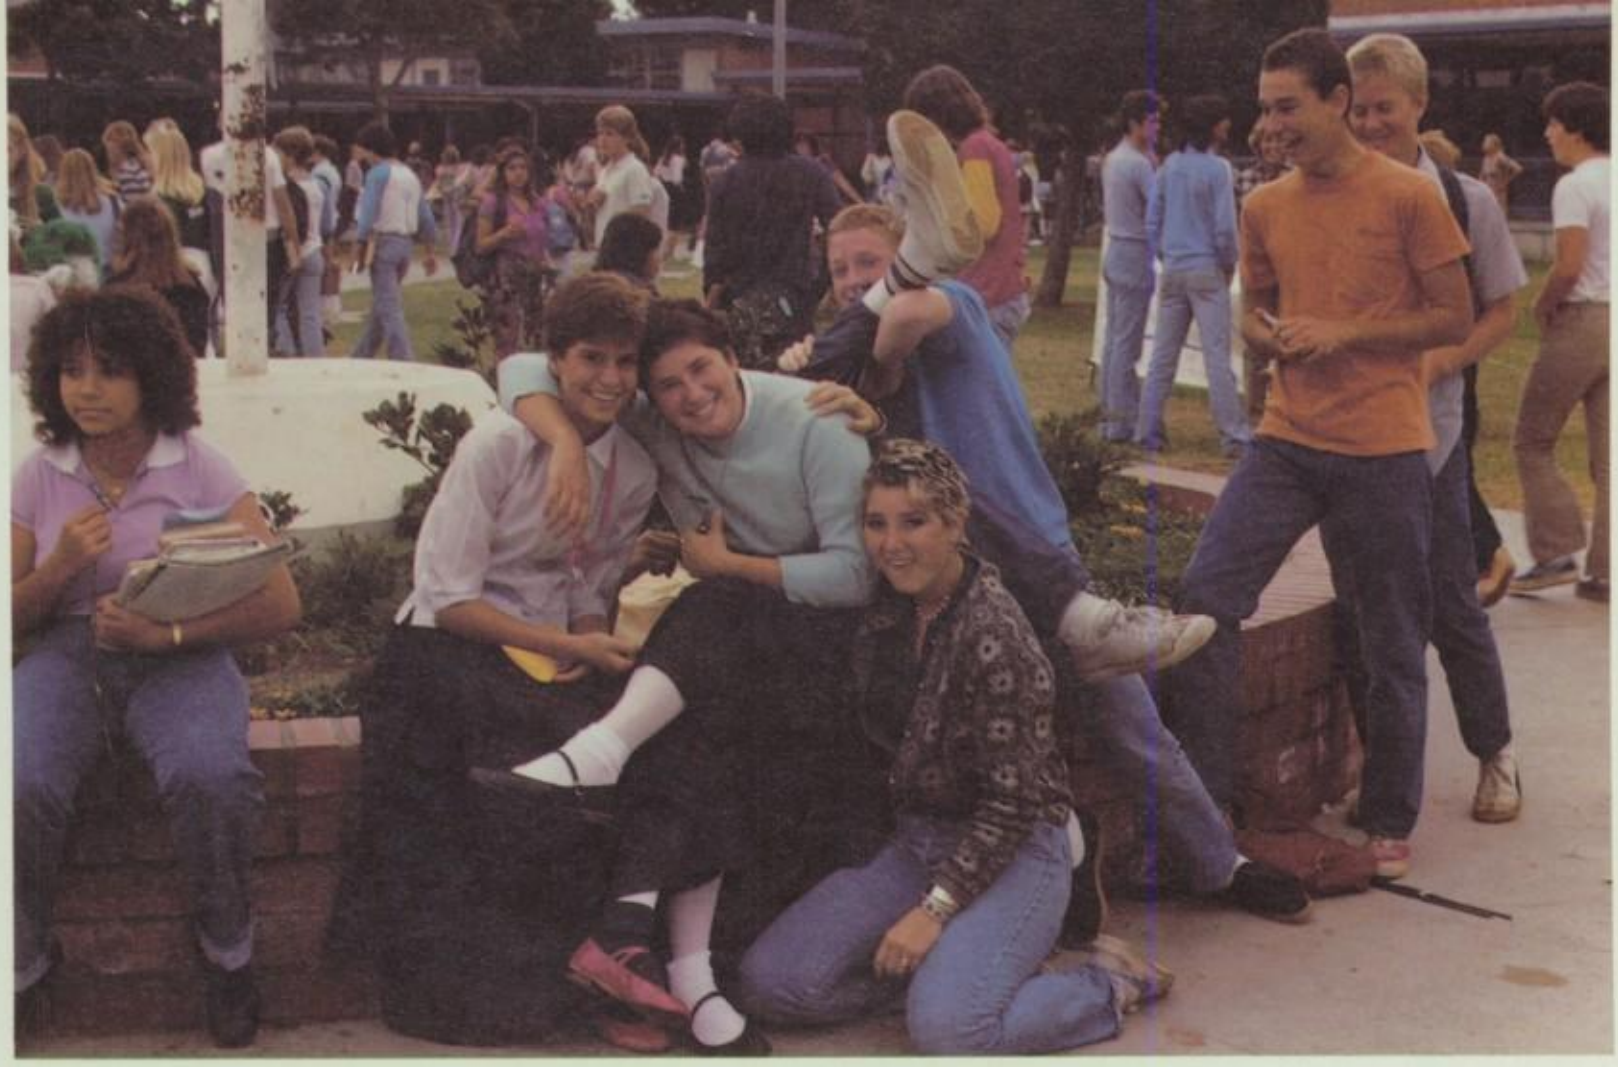
Over the past twenty-five years clothes fashions have changed many times. Years ago kids had to dress according to codes, set up by the school. Girls were not allowed to wear pants or shorts. At South, many years ago, there was a Bermuda Shorts Day. This was one day out of the year kids would be allowed to wear these shorts. Today fashions are not as uniformed as they use to be. Walking through the mall you can see many different styles of clothing — from Punk to Preppy.



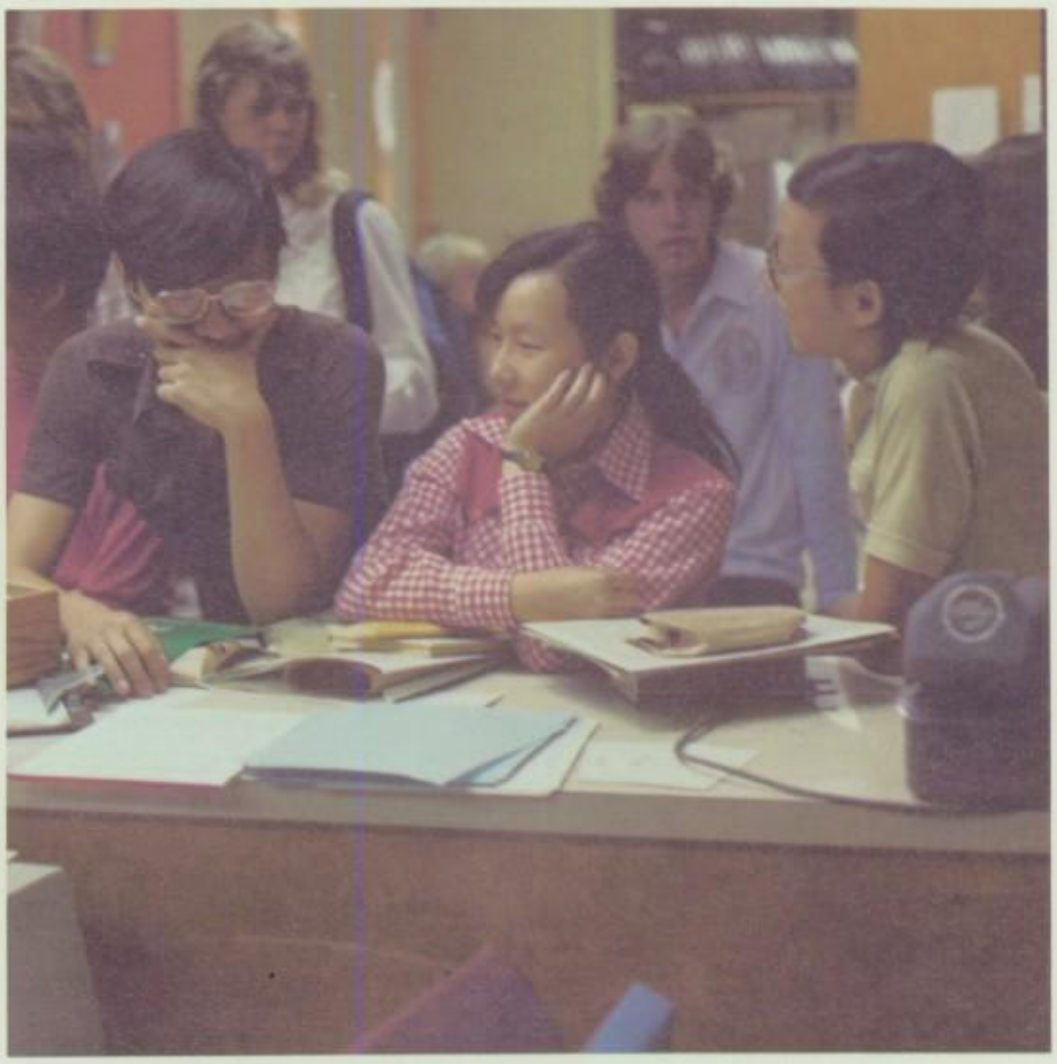


Many students around South, have turned to the Punk Look. It is a combination of going back to the sixties look and looking forward to some of the trends of the eighties. A lot of the styles are influenced by the Punk music of today. Many years ago groups or bands had names like the Beatles and the Birds. Today we have Adam and the Ants. It is not uncommon to see a boy or girl with a "buzz" haircut. Also many different shades of hair — orange, bright red, and sometimes striped. A lot of these trends would not have been permitted by parents or the school twenty-five years ago.



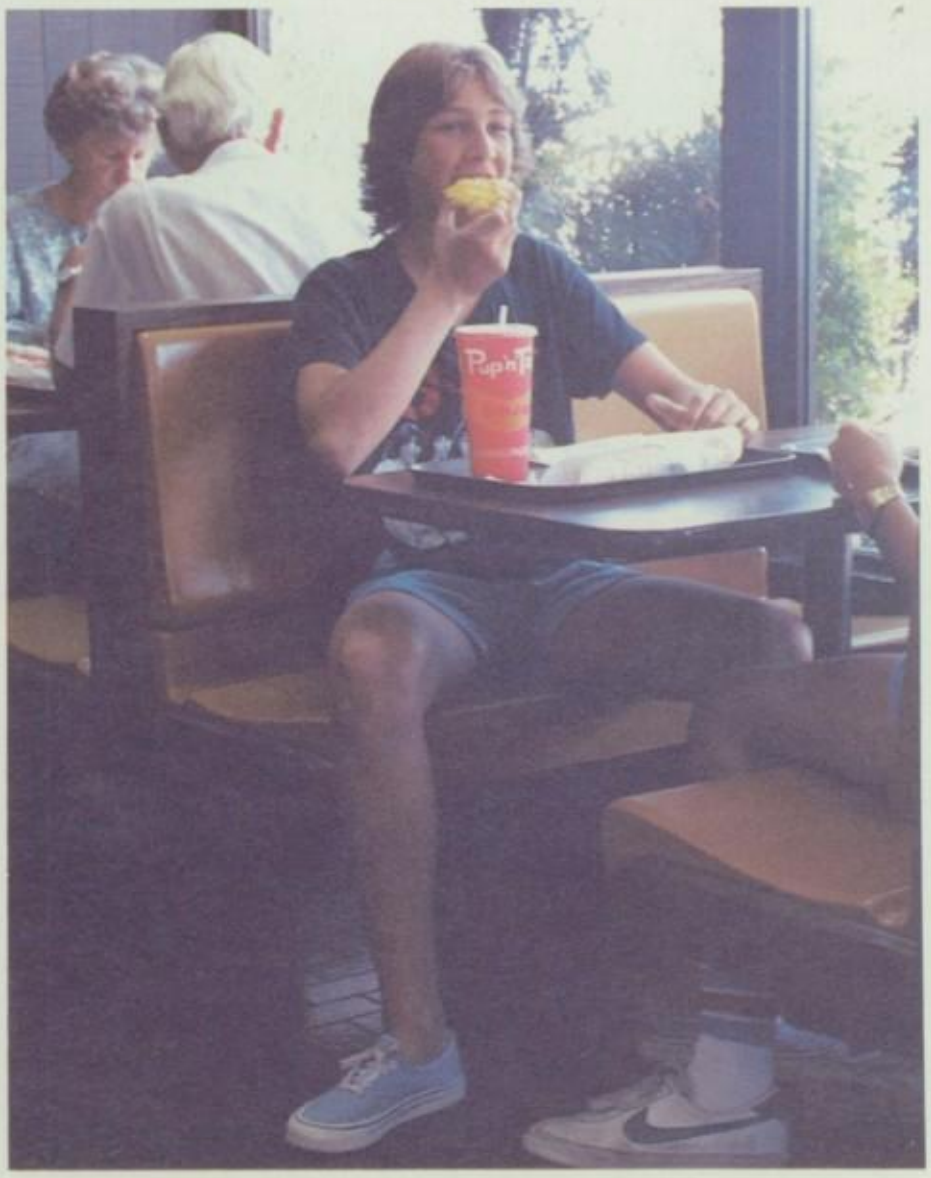


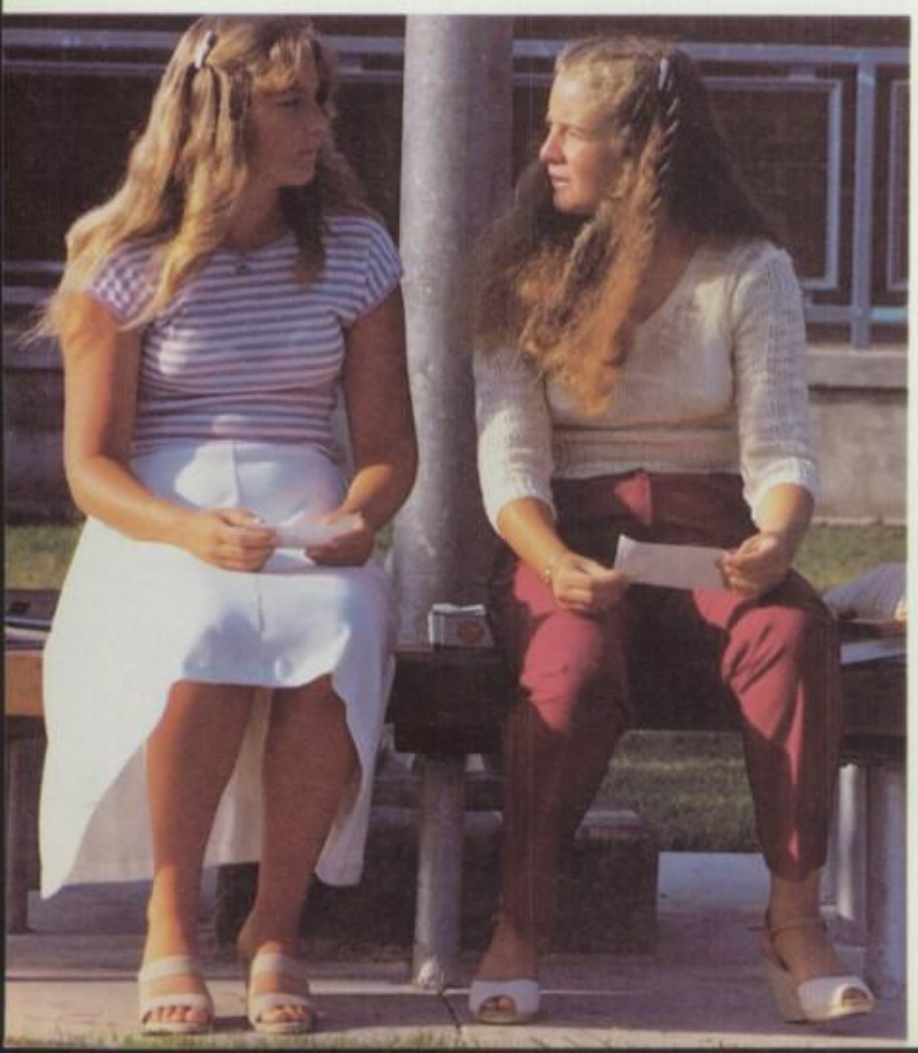
In the first few days of school it is very common to see many lines formed around the school. These lines are mainly in the bookroom and in the counseling offices. It sometimes takes an hours wait in a line to get your books for your classes. The first days of every semester are very busy for the counselors at South. Many program changes are required to be dealt with each time. But the counselors do much more than just that. They are there for a lot of career guidance. Their department has expanded a tremendous amount over the past twenty-five years. The counselors help with all the problems of applications to colleges. They help you meet deadlines and can answer almost any question you have regarding universities. They can help give you some idea of what you want to do, or where you want to go to learn how to do it.

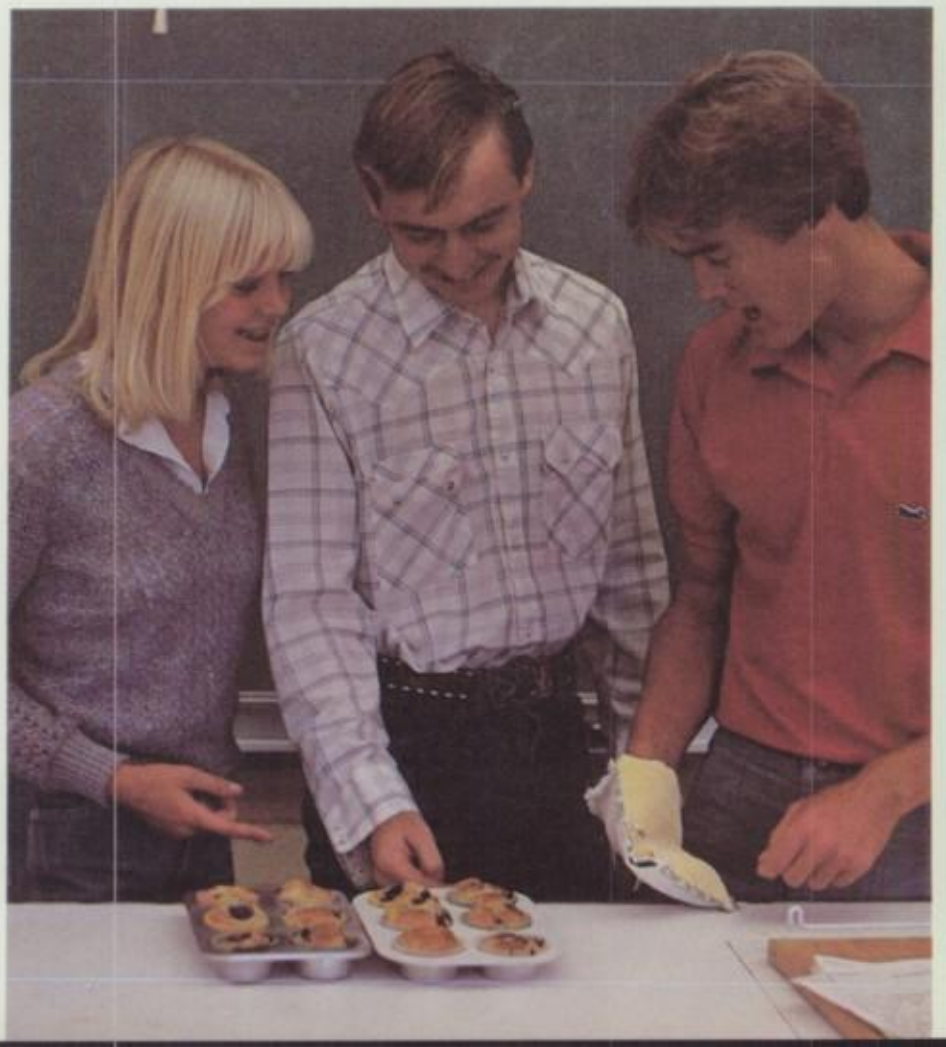


76-47
76-21
76-22
76-39

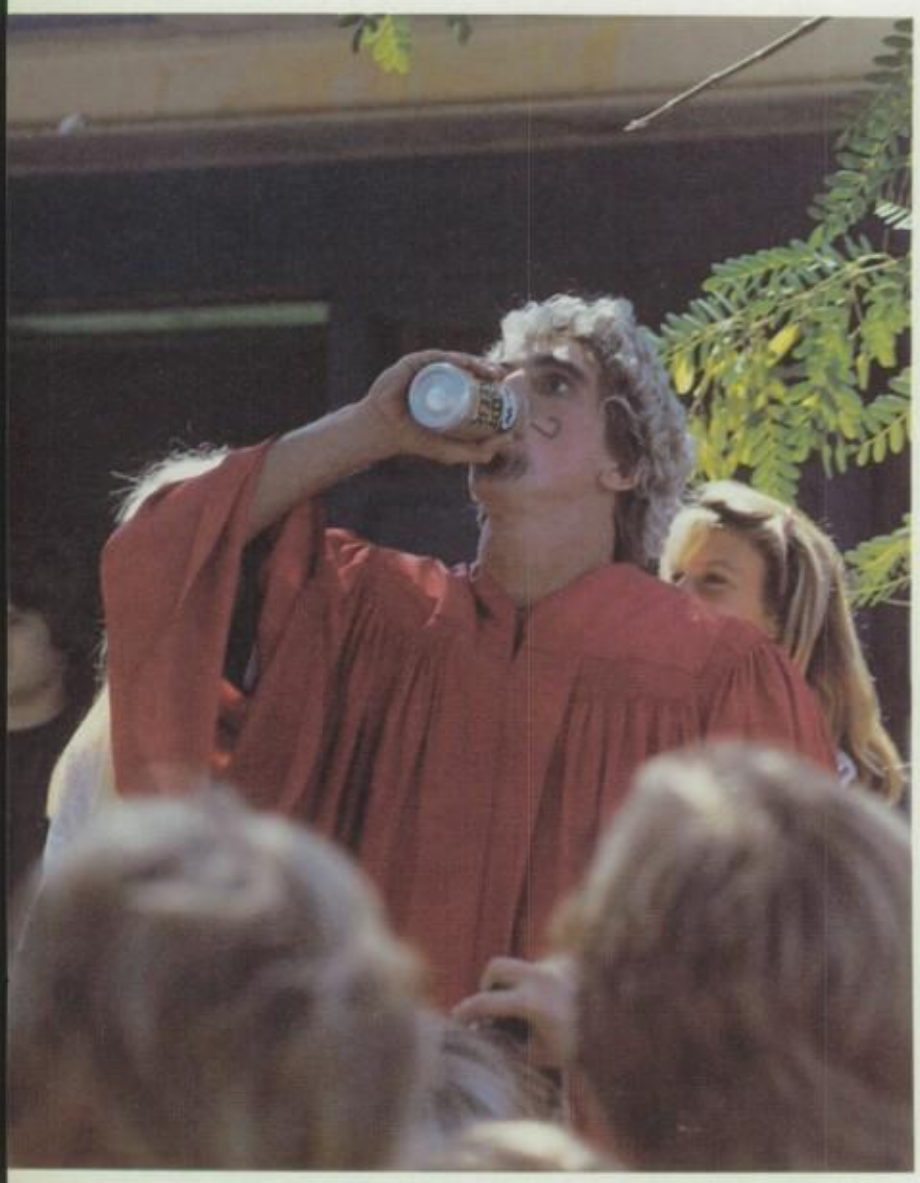
Lunchtime is probably the most well liked time of the day-next to after sixth period of course. There are many places at and around South to enjoy your lunch. There are many different kinds of food served at South from the tray lunches to the salad bar. There are also many places around South in which to spend your lunch period. Pup 'n Taco, Market Basket, Ninos, MacDonalds, Taco Bell, and Pioneer Chicken are just some of them. Many kids also like to brown-bag in the mall area. Something new, within the last couple of years, is the Wednesday activities. They range from class competition-activities, to bands that appear on the new stage. All activities entertain the students during lunch.







South High School has changed in structure a lot in the past twenty-five years. The Pavilion was completed approximately five years ago. Last year many things were added to the school. The stage in the mall, which is used constantly for assemblies, activities, and lunch time bands, the planters, around the walls, and the flagpole, the benches, and the landscaping by the Pavillion. Each has added to the beauty of our school. Other changes in our school have been the classes available to students. There are many electives available that were not available before. One big change is that before boys took shop and girls took home-economics. But now it is not uncommon to see both boys and girls in either shop or home-economic classes.



This year's pep week, began Monday, October 6th, was proved very successful in boosting up South's spirit.

Such contests as a pig-out, a jell-out, and a root-beer guzzling contest were provided.

The 12th annual Genie Auction was held on Thursday as the students were auctioned off to their friends. On Friday, the genies were paraded across campus in their buyer's choice of costume.

STUDENTS'
LEAGUE

KIN

Club Day

Club day this year was very successful in publicizing the many different clubs on campus. A contest was held during the 30-minute mall assembly to determine the club most creative, decorative, and informative to their activities and interests. First place with $50 was Simulations and Miniatures. Pep Squad came in second with $30, and Vocal Music took third place with $20.

Halloween Dress-Up Day Contest

The 4th Annual Halloween Dress-up day contest was held on October 30th in the mall at lunch. This year's contest was a huge success. Many students entered the contest sponsored by Students' League.

Judging was done by Mrs. Karacsony, Students' League sponsor, Mrs. Wickstrom, Mr. Carlson, Courtney Thomas, Students' League President, and Jackie Lane, Vice-President. The winners were 1st place- Suzanne Carll and Michelle D'Hondt, 2nd- Dave Carlson, and 3rd- Michelle Walchenbach.

With the ERA movement all around us even football isn't just for guys anymore. This year's "Powder Puff" Football game starred the seniors and juniors of the classes of 1982 and 1983. Though the juniors put up a good fight, the seniors won the game by a score of 36-6. But the Class of '83 still has a fighting chance at next year's juniors. Dave Carlson reigned as "Powder Puff" Queen.

Marching Band

Members of the South High Marching Band show true school spirit in their involvement. They've worked hard for two years on fund raisers for their trip to Hawaii, which they took last year. They also participate every year in Christmas parades and the Armed Forces Day Parade as well as performing at South's football games.

Mary Anagnost, the first female drum major that South has had, led the band for her second consecutive year.

They are a group that is active through cooperation, sticking together, and a real drive for involvement.

Guard ..... Steve Carlson
Guard ..... Lori Weiner

Production Crew

Drama Advisor ..... Al Osburg
Co-Directors ..... Mareva Orr, Jill Thomason
Producer ..... Steve Carlson
Stage Manager ..... Tim McMahon
Assistant Stage Manager ..... Dave Ainsworth

Fall Play

The South High Drama Department's fall play was the production of George Orwell's, "1984". The production was performed in the school cafeteria on November 18, 19, and 21. The story is about two lovers, Winston and Julia, brought together by a member of the inner party (O'Brien). They want to fight a dictator who wants not only to control what they say and do, but their thoughts as well. With the help of Mr. Al Osburg, drama advisor, the show was a success.

One Act Plays

"Knock Knock"

At left: Kristen Lefevre.

"A Member of the Wedding"

Sadie Hawkins

The 1982 Sadie Hawkins dance was held in the gym on January 23, from 8:15-12:00. Couples, dressed in all kinds of "down home" clothing, twisted the night away to the sounds of the featured band "Bedrock". Organized by the Pep Squad, it was a rocking evening for all.

"Hayloft Hoedown"

After winning the Class Competition as Juniors, this year's Seniors are again showing their amazing enthusiasm for the school. Yellow, being the Senior color, is emphasized at class competitions by the wearing of yellow hats. The Seniors' endless energy really helps make class competitions more fun and competitive. Hopefully the spirit and enthusiasm of the Seniors will give an incentive to other classes to become more active in class competitions.

Apollos & Athenas

Apollos and Athenas is a major service club at South High, and also one of the largest clubs on campus. In the past, when South first started, Apollos and Athenas was divided into two separate clubs, the "Apollos" and the "Athenas." They joined together as a co-ed club due to the decline in enrollment over the years.

Helping out with the Spartan Laurels dinner is one of the major services of the club. Painting the "S" on the hill, helping with mailouts, and painting the bleachers are other services performed by the club.

Sword & Shield

South High School's award winning Sword & Shield Newspaper has been in publication for the last twenty-five years. Each day the staff members are hard at work thinking of ideas for articles that might appeal to the student body. The Sword & Shield is the primary source of information and entertainment for the students of South High.

Pep Squad

South's Pep Squad helps to raise Spartan spirit. By performing various cheers during assemblies and in the mall, along with cheering of the football and basketball games, the cheerleaders increase Spartan enthusiasm for becoming No. 1. Pep Squad is also responsible for the encouraging football signs in the mall, along with the responsibility to decorate for Sadie Hawkins.

The yearbook staff works very hard throughout the year. Starting from the first day of school, there are decisions to be made concerning the cover of the book and deciding what the theme should be. Veterans of the staff must teach newcomers how to crop pictures and design a layout. A yearbook staffer's work is endless between the months of October through March, because there are constant deadlines to meet. The photographers, camera in hand at all times, are constantly snapping candids around campus, trying to capture the style of South. The yearbook staffer's then devote many long hours of hard work, including after school, at lunch, and weekends to create the best possible yearbook.

French Club

The French Club meets every week on Thursday in order to plan activities for the year. This year the club has planned many fun filled events, such as doughnut sales, french button sales, roller skating parties, and the annual language banquet. The club is planning to make this years banquet the best ever. The French Club is also organizing a French game tournament for a fund raiser.

Hi! My name is Simona Comolli. I'm 18 years old, and I'm an AFS exchange student from Italy. I came here in the summer of 1981, and since then I've had the chance to enjoy every single aspect of Californian life. I live with the Hargrove family who are giving me all their love and warmth (thank you!!!) and really making my experience a terrific one.

Attending South High has been very interesting and alot of fun, and I want to thank my friends and teachers for the help they've given me. This year has been a time of growth for me: I learned to live with people who have different customs from mine, and I've also learned something more about myself. I have more self-confidence and this is only one of the many reasons for which I hope the AFS program will always find families and students who are willing to support it by participating in it.

Now all I have to say is thanks again to all of you and . . . good luck to all the exchange students of the future. I hope their year (or summer) will be as good as mine!

Simona

Hi. My name is John Kiminta Prinsbo, and I am from Kenya, East Africa. In Kenya, I attended a boarding school with about 600 students. The Kenyan school system is very different from the American system. We have 13 years of school and no summer vacation. Instead, we have a one month break after every three months of school. Also, exam results determine the kind of subjects you take. Fro me, school lasted from 7:30 am until 4:50 pm.

I am most privilaged to be here on the unique AFS program. My host family (the Rinders) have made my stay a wonderful and unforgettable one, by making their home my second home, and accepting me as not only a foreign exchange student, but also making me feel like a member of the family with all their love.

I am really enjoying my stay here. I've learned and gained alot in the way of self-confidence, dependability, and many other things. I would like to thank the AFS program, my teachers, friends, and most of all the Rinder Family, who have made my year the most unique and unforgettable one in my life.

John

Hi, my name is Stacey Willens. I Was very fortunate this last summer to spend 3 months in Israel. I lived in Afula, a small town in northern Israel, with my Israeli parents, three younger brothers, and a younger sister.

Halfway through my stay, I was going to be sent home because of the bombings between Israel and Lebanon. Luckily, there was a cease-fire the night before I was to go home, and I was able to complete my stay in Israel.

I spent alot of my time traveling throughout the country with my family, meeting new people, and seeing new places. I had such a good time in Israel, that my family is presently hosting an Israeli exchange student, Tal Gold. I hope to show her the same hospitality that I received in her country.

Israel may be a small country, but it is one filled with laughter, patriotism, and love. Next to California, there is no other place in the world I'd rather live than in Israel.

Stacey

Foreign Exchange

Hi! My name is Patty de Koster, and I am f the Netherlands. I am a foreign exchange students, but I'm not staying with a foreign family. I am staying with my aunt and uncle who live in Redondo Beach. They invited me over for a year, after I graduated from high school in the Netherlands.

There are many differences between my school back home and South High. For instance, at my Dutch School, we didn't have subjects like cooking and psycology. Of course I am trying these new things; I have psycology and library practice among other subjects. We also didn't have teacher aides. My other school was completely indoors. It had to be, because it rained often, and it's seldom very warm in the Netherlands. One of the reasons why I like California so much is the beautiful weather. All that sun, even in the winter!

I really had a terrific year which I learned alot in, in many different ways. I want to thank my friends from South who helped to make this a wonderful year I'll never forget!

Patty

Shalom! My name is Tal Gold. I am 17 years old, and I am an AFS student from Israel who will be visiting for six months.

I'm from a small city in the center of Israel called Herzliya. At home I go to school six days a week, 5-7 periods a day. We have 12-13 subjects at the same time, and we study much harder. I find the schools here have more fun activities than in Israel.

I would like to thank everyone who made my stay here so impressive and have given me memories I will never forget. I also want to thank all the people who helped me to reach this moment: friends, teachers, my school, and especially my host family, the Willens, and AFS who offered this beautiful chance for me and other teenagers all over the world.

Tal

Hi, my name is Ignacio Solozabal, and I am from Spain. When my dad told me I would be going to the United States for ten months, I was thrilled. I thought it would be a marvelous experience. When I cam to California, my foster family, the Rollenbergs, received me very well. They put me on a soccer team, where I made alot of friends. Attending South was my next experience, and probably the most difficult one. Being a foreign exchange student is not very easy. I had a hard time trying to understand the different school system. At the beginning I really didn't know what I was doing.

The strangest experience, and the best one, was when a girl asked me to go to Sadie Hawkins. I didn't have the slightest idea what Sadie Hawkins was. Finally my friends told me, so I went, and I had a great time.

So far, my stay in the United States has been a great experience.

Student's League is a club serving the school as well as the community. Several years ago, the club was known as Girls League, but changed its name to include any member of school. The sponsoring of Cottonball is the major service of the club. Other activities include Halloween Dress-Up day, Christmas caroling at convalescent homes, and roller skating parties.

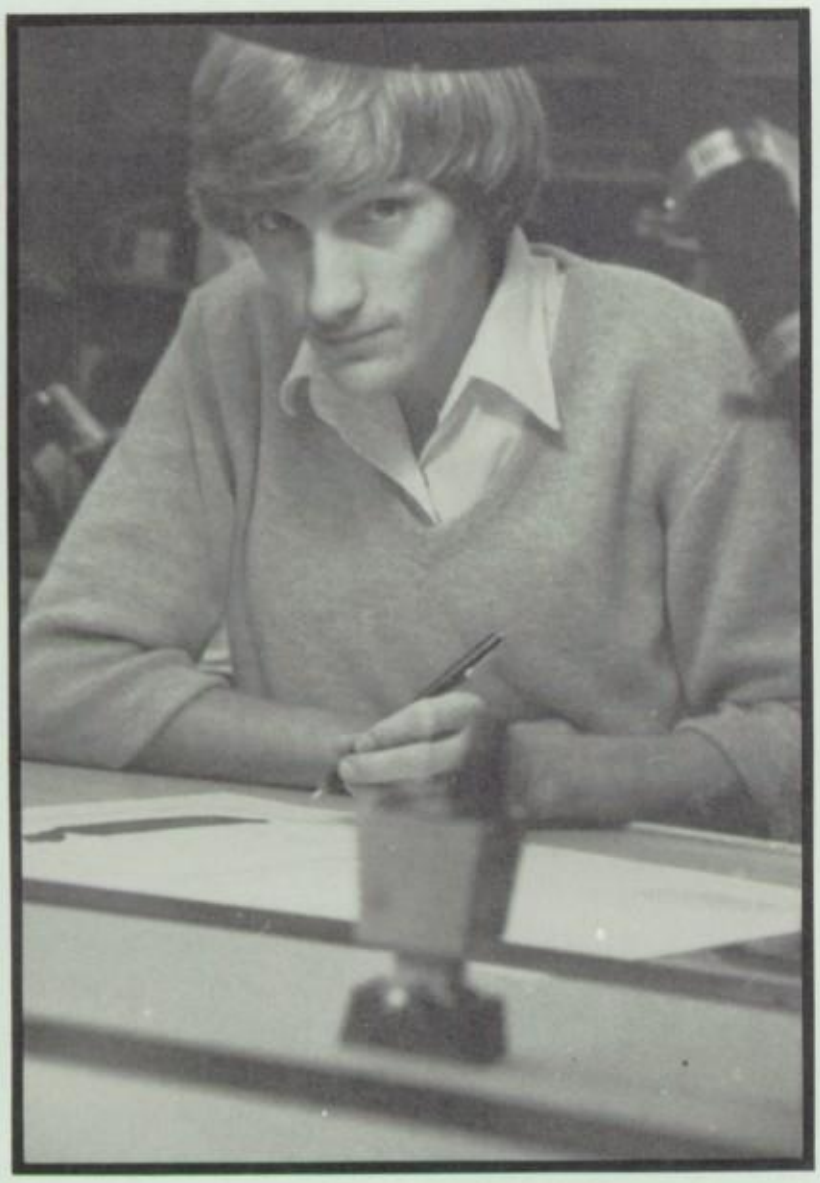
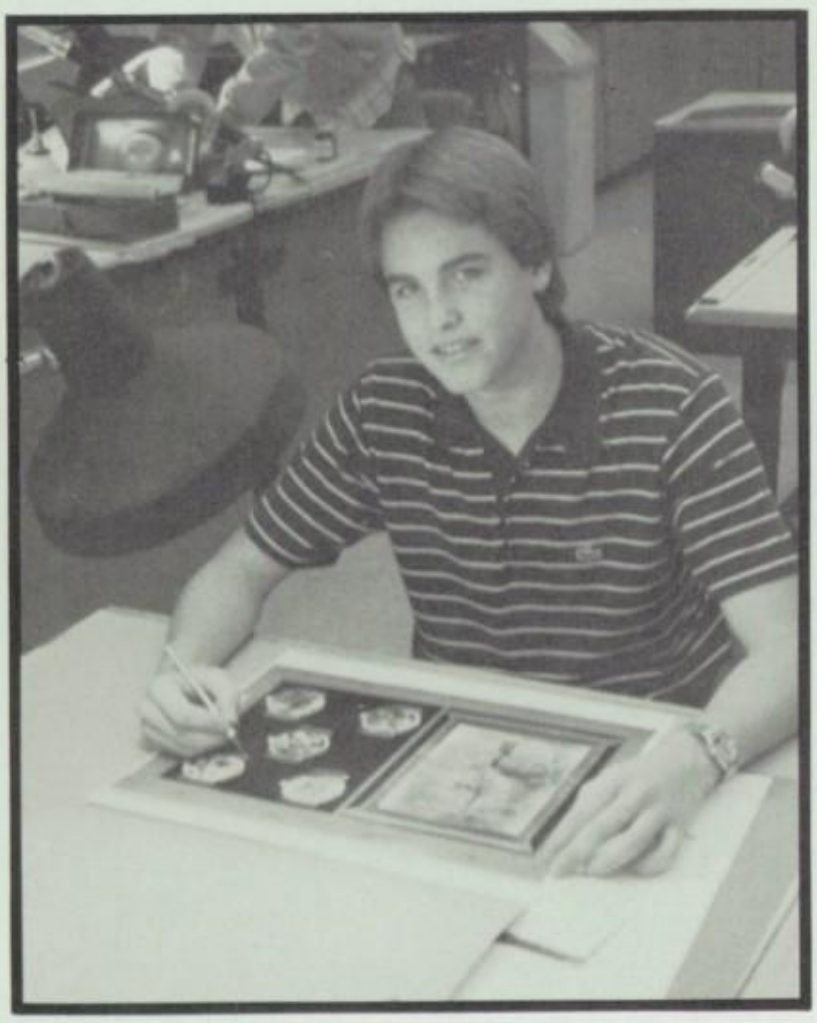
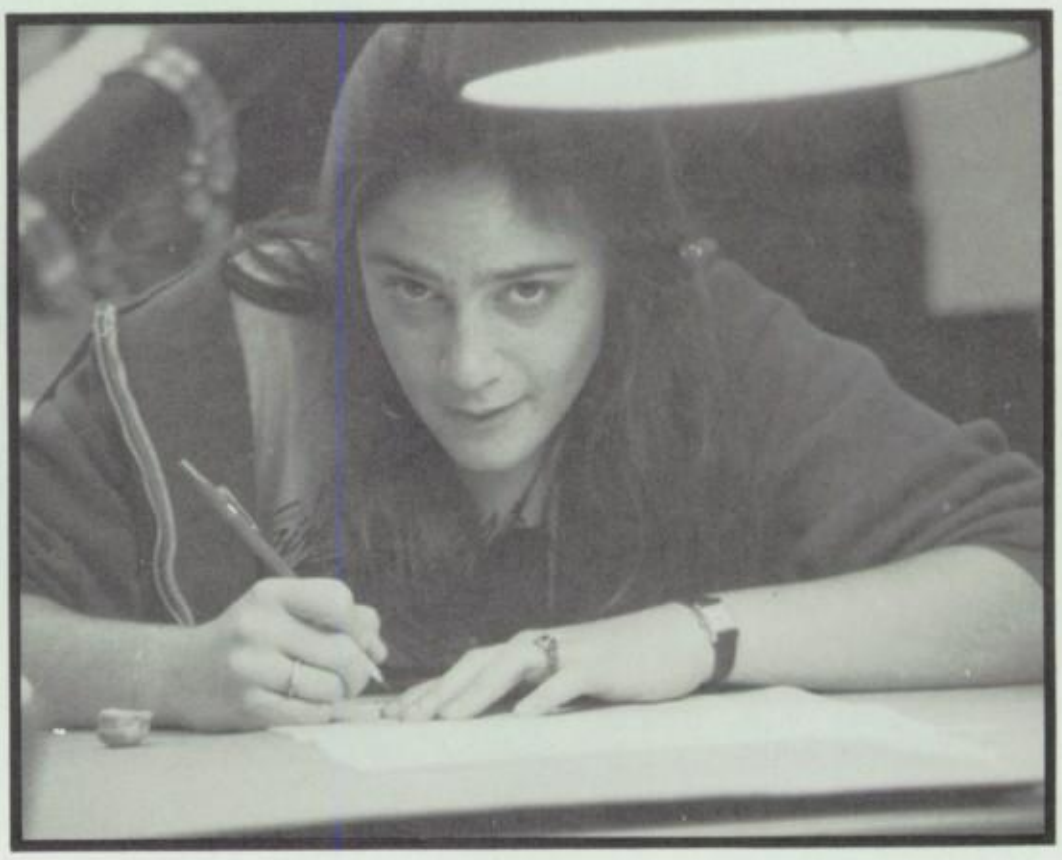
Southern California Regional Occupational Center



SCROC is another name for the Southern California Regional Occupational Center. SCROC is a vocational school that offers many courses, ranging from Computer Programming to Landscaping to Auto Body. Each class is taught by an experienced instructor who has spent at least five years in industry before teaching. Some classes, like Retail Grocery, or Hotel/Motel Management are taught at various businesses in the vicinity.





Wednesday Activities

This year is the second year for Wednesday lunch activities. The entertainment can range from a rock concert to a karate demonstration.

The various classes participate in contests for points in the class competition. These contests can be as diverse as a root beer guzzling contest or an area cram.

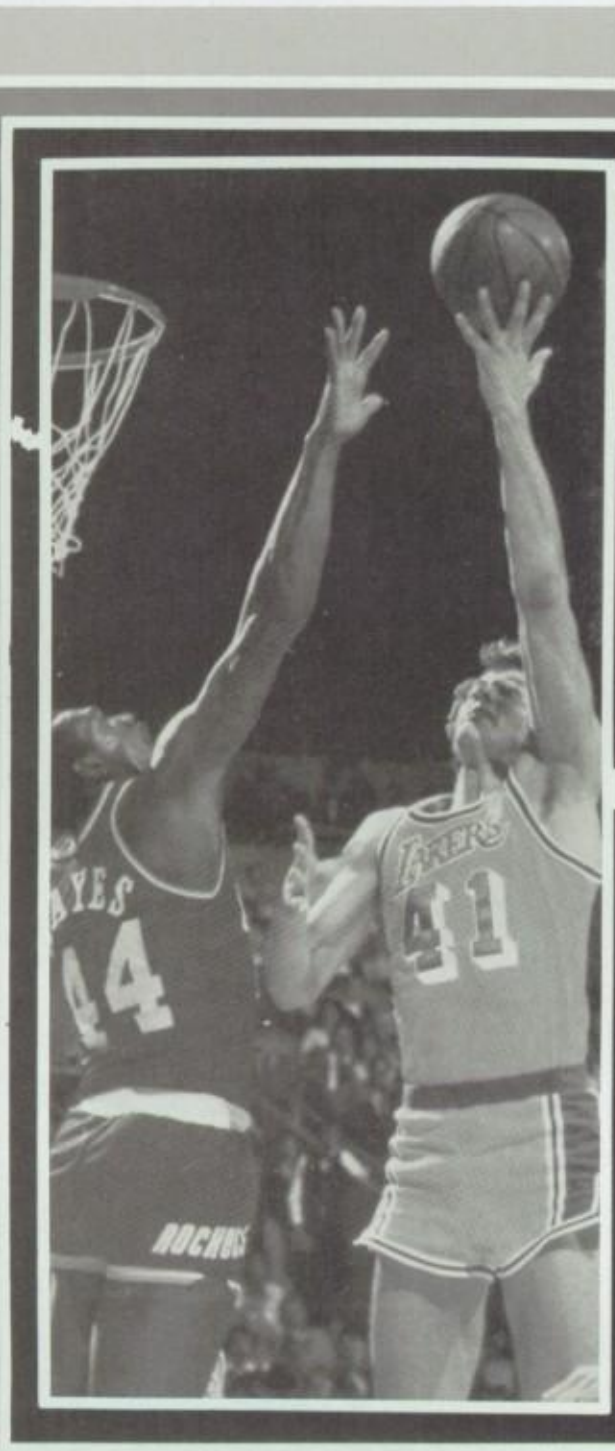
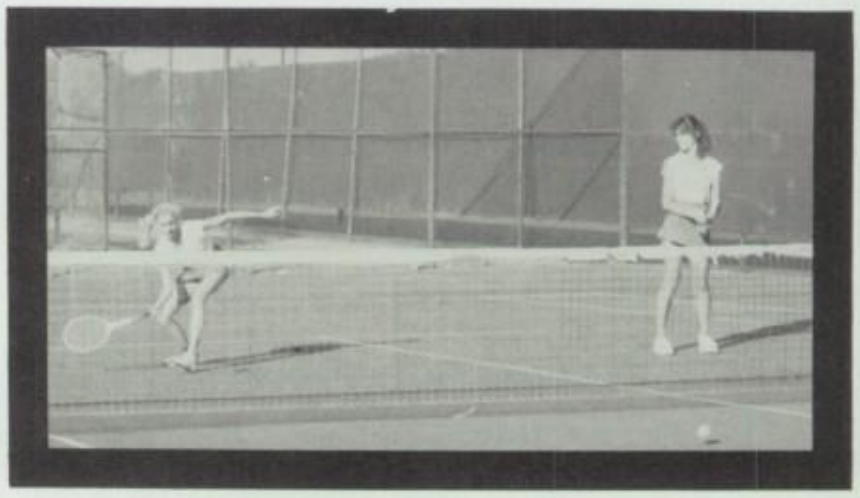
Sports

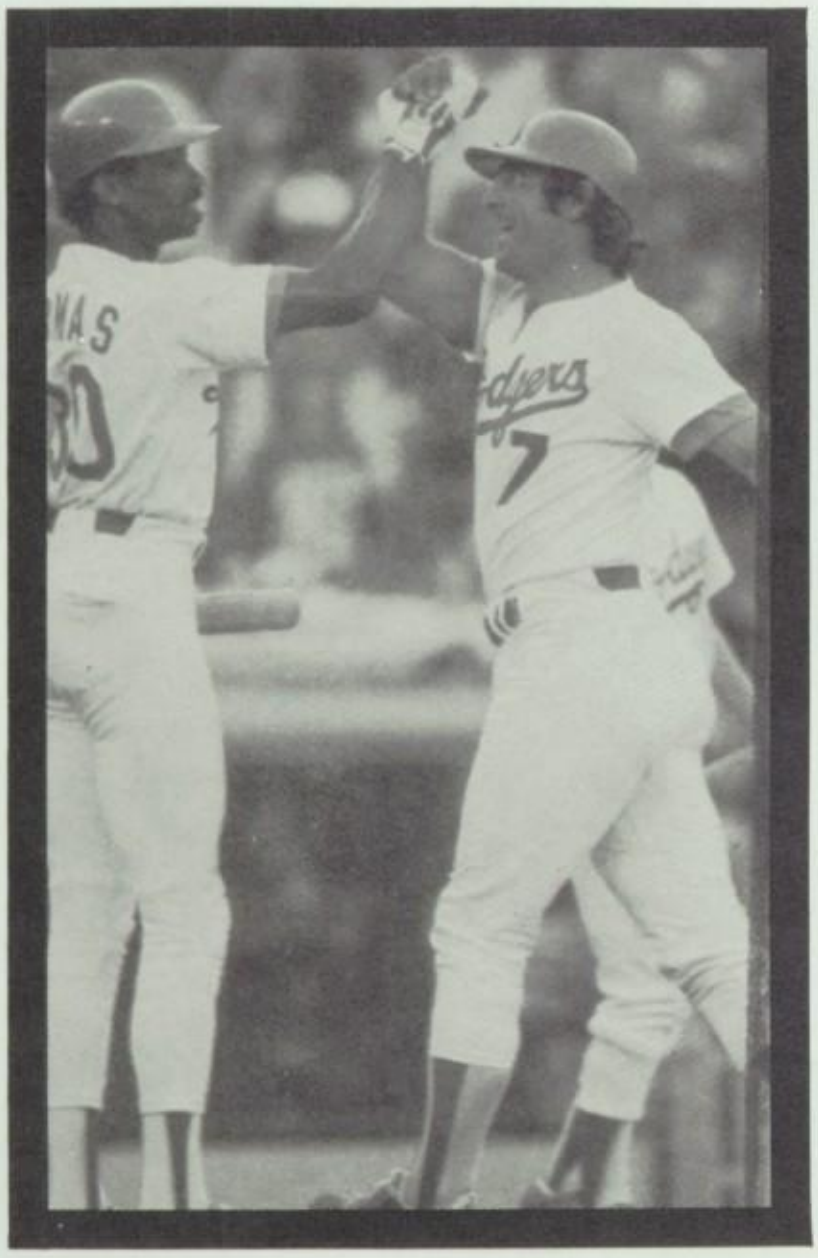


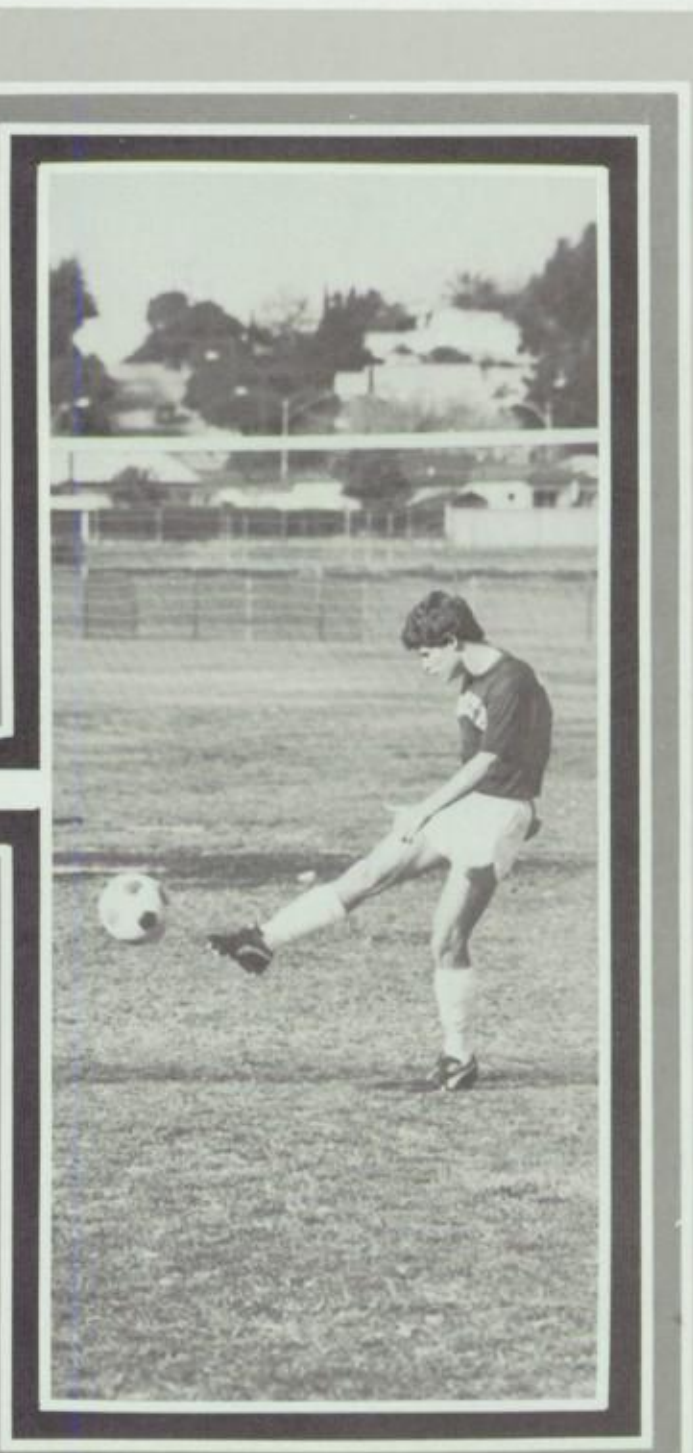


After twenty-five years, sports remains an important part of Spartan life. Athletic spirit and ability has led to hours of excitement for students, parents, and faculty alike. Girl's athletics is beginning to take hold with teams in Cross Country, Volleyball, Basketball, Soccer, Track, Tennis and Softball. This year is proving no different for the Spartan winning tradition with the return of the feared Soccer teams.

SOUTH HIGH SCHOOL OUR 25TH BIRTHDAY '57-SPARTANS-'82

SOUTH HIGH SCHOOL OUR 25TH BIRTHDAY '57-SPARTANS-'82

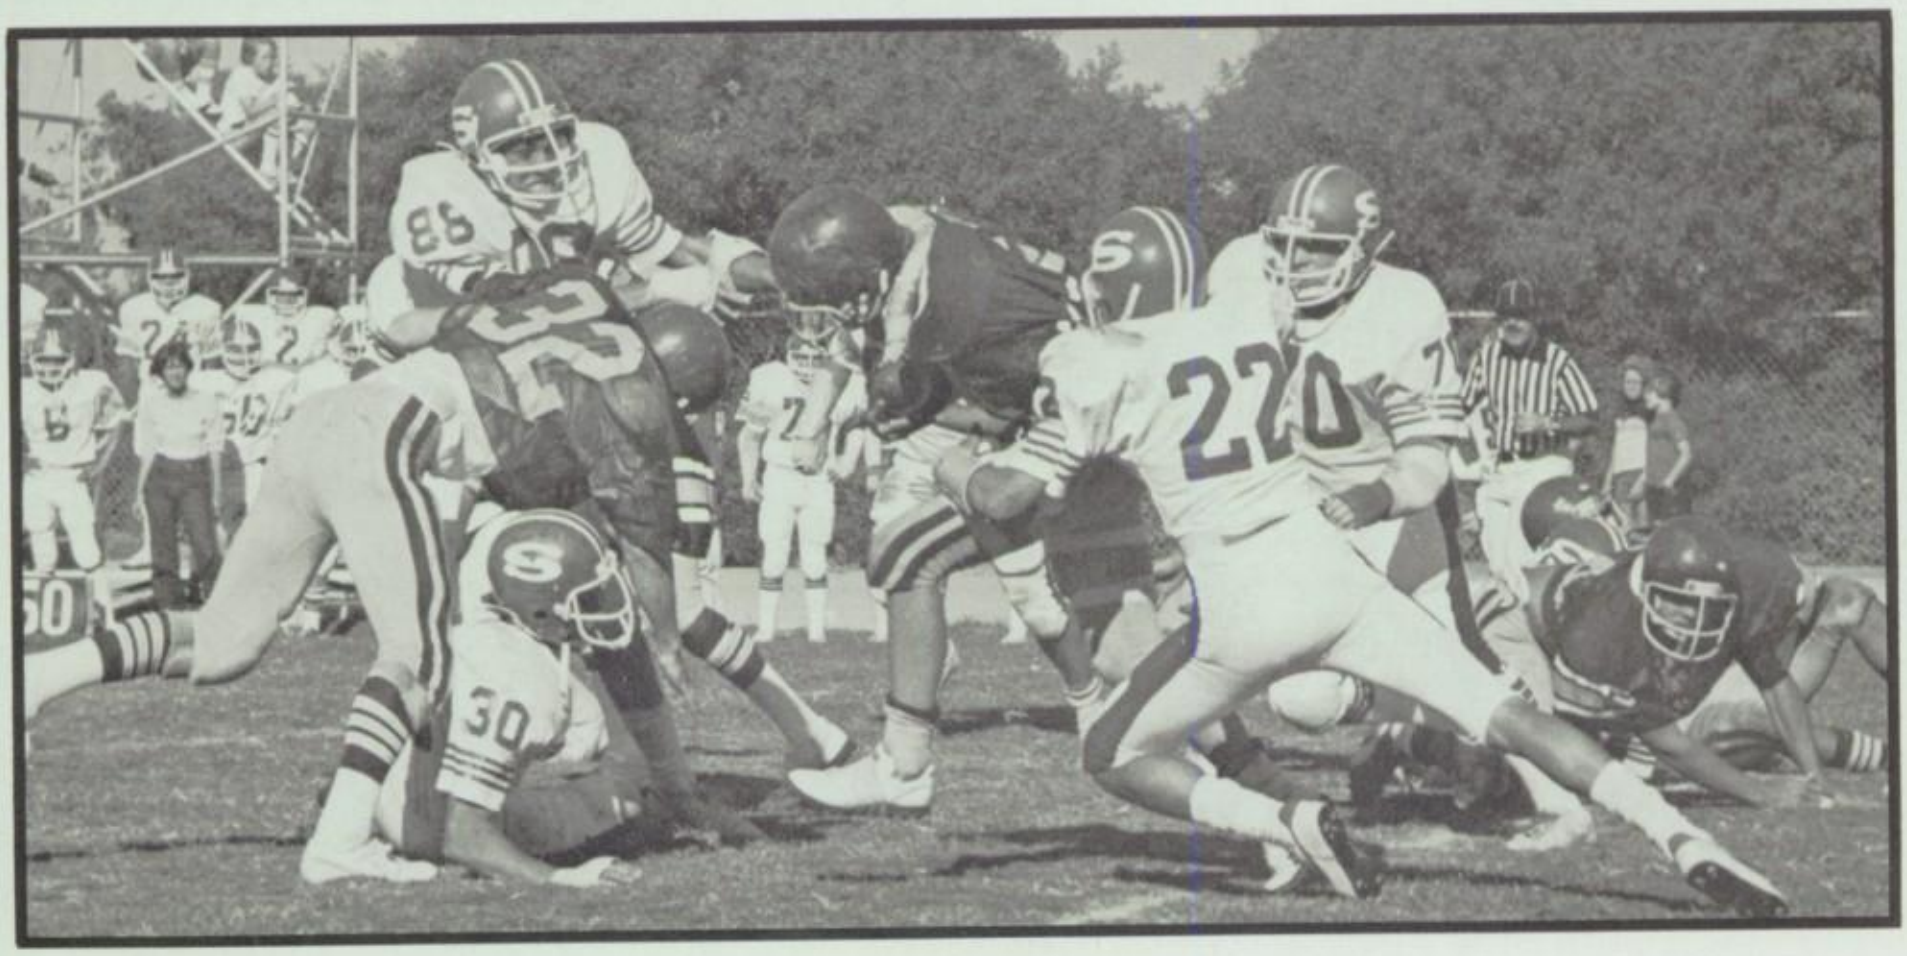




Football also enjoyed its greatest season yet; while spring will bring baseball and the CIF champs of just two years ago. Yet, while we look back to see that some of our teams have done better than others, we should understand the sweat, hard work, and dedication these athletes have brought to their respective sports for twenty-five years. This section is for you. Blow out the candles. Happy Birthday.

Richard Bragg

Football Tackles Another Season



South High's twenty-fifth edition of football has been a smashing success. The gridders have already knocked off Mary Star, Miraleste, Torrance, Rolling Hills, and Centennial. Thus far, the lone defeat was a hotly contested 13-10 heartbreaker to Santa Monica.

Head coach Joseph Austin stated that the Spartans possess a "good defense" but the "Offense hasn't scored many points." The offense is lead by tailback Jim Rolstad who is presently seventh in scoring, fullback Scott Bargar and quarterback Mike Castillion. Coach Austin also noted the "backbone of the defense," which consists of Oscar Tamayo, Chris Scott, Rich Harger, and Adrian Diaz.

Homecoming 1981 provided a 29—26 victory over arch rival West in a barn burner. While beautiful Mary Babbitt was crowned queen, the Spartans and Warriors provided the action on the field. A dazzling 99 yard touchdown reception by Harger from Castillion aided in the victory. A good time was had by all Spartans, present and past.

Left- J.V. team: (top row) Adrienne Kingswold, Karen Karacsony, Jan-Marie Morland, Carolyn Buckman, Wendy Hodge, Coach Scully (bottom) Ann Babbitt, Jenny Kang, Kim Cleveland, Shawn Bradford not pictured: Joell Gladfelter

Also coached by Mr. Richard Scully, the Girls' Cross Country team is doing outstanding. Headed by Jeanine Griffiths and Kim Reed, both of Varsity, and J.V. runner Karen Karacsony, the Girls' team has an excellent shot at the championship. With rapid improvement by Suzanne "Sammy" Lindsey and a powerful performance from Darcy Wallace, the future looks even brighter and the chance at the title seems to be getting closer.

Strong Season For Boys'

This year, the Boys' Cross Country team is exciting and running well. With Coach Scully's guidance, the team is sound and solid. Varsity runners, Charlie Davis and Steve Deiderich lead the season along with Greg Dukellis, Steve Holland, and Jeff Corbett, all of J.V. In addition to J.V., Corbett also runs Varsity. Overall, the Boys' Cross Country should be able to end the season in a very strong position.

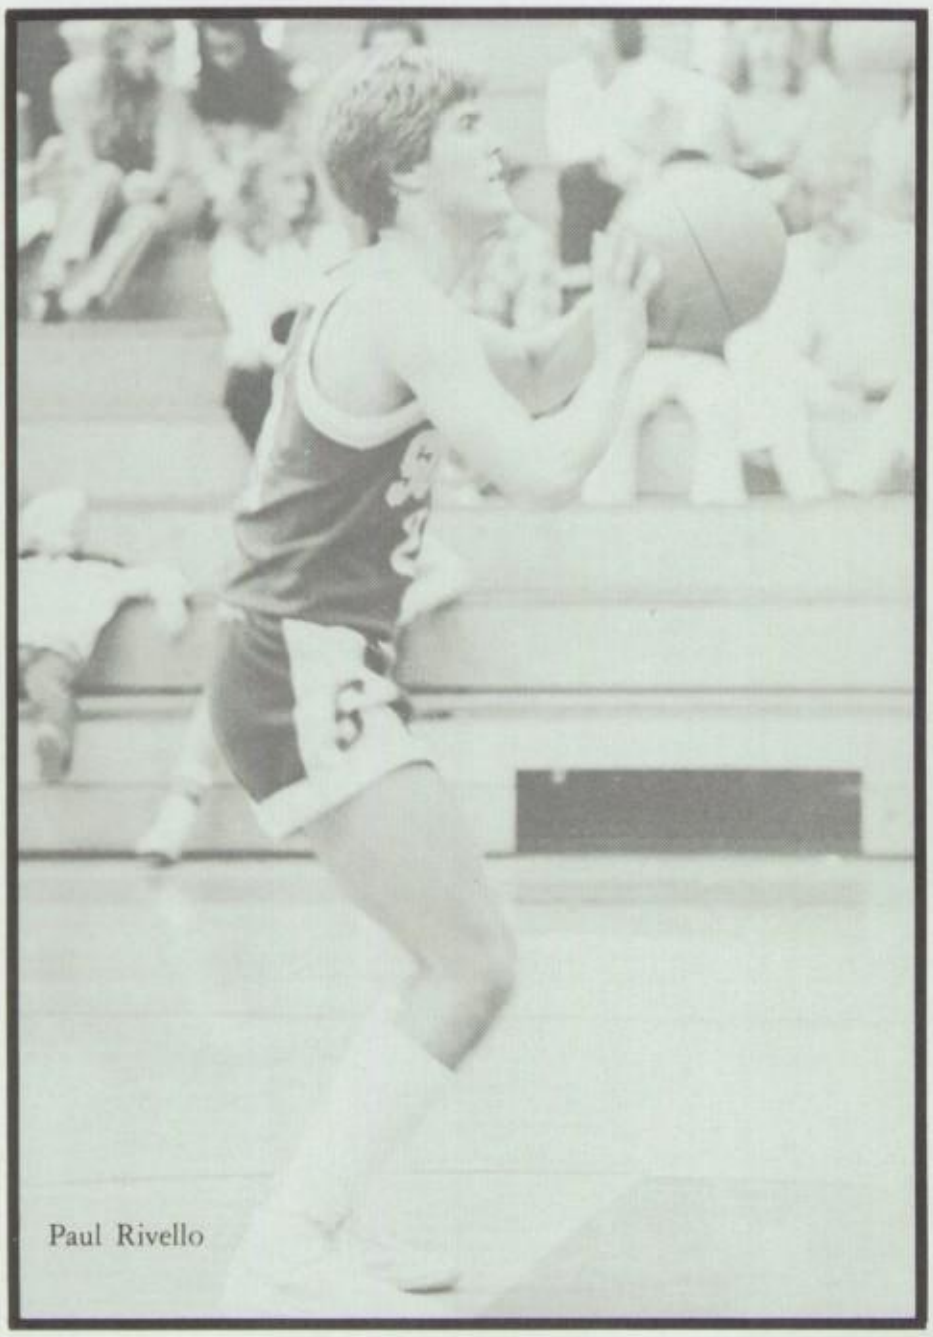
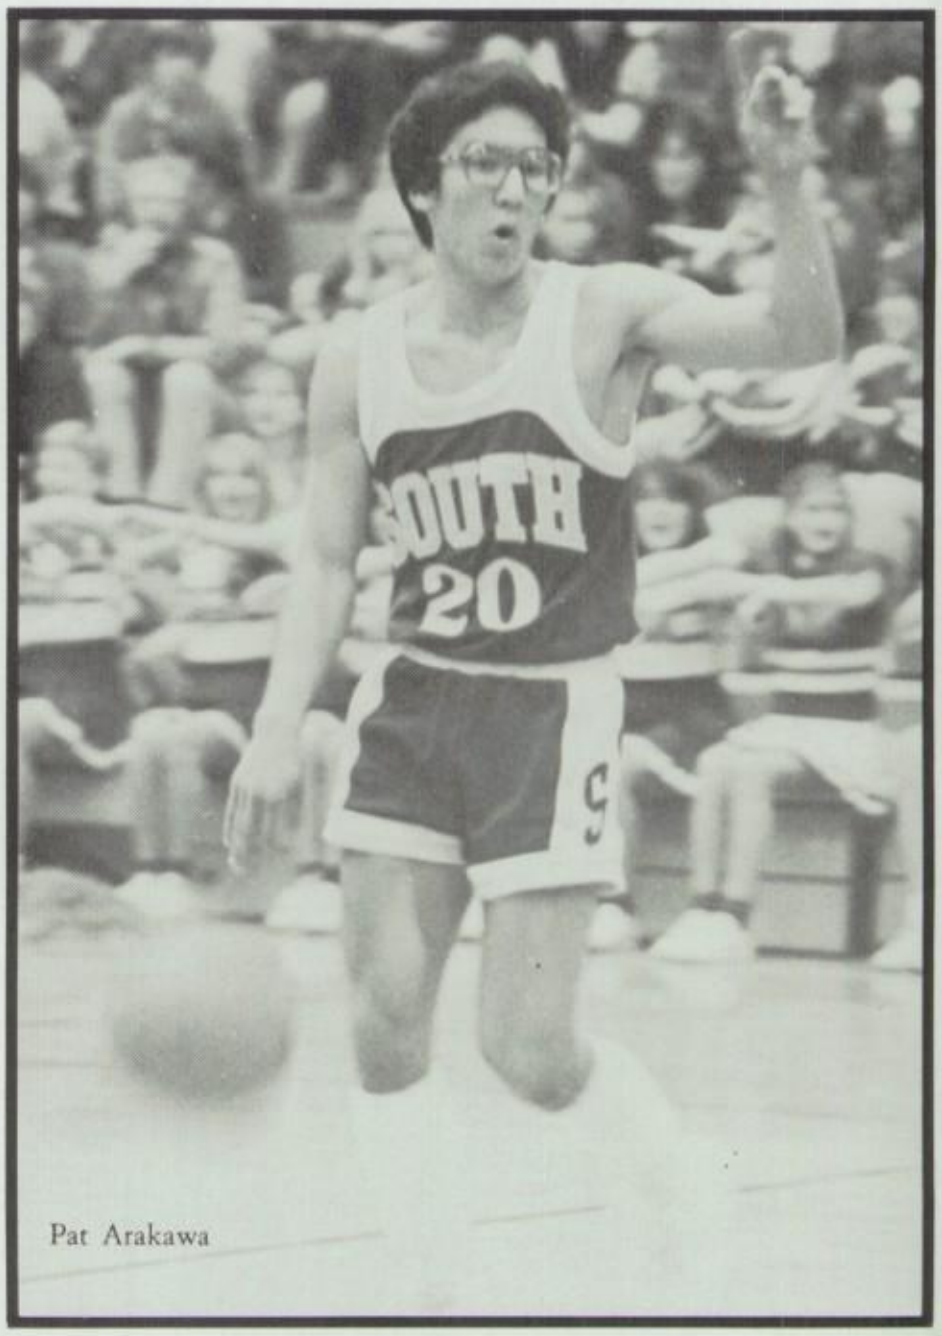
The 1981-82 wrestlers have fallen under the direction of Coach Richard Busia. Tim Simons, at 121 pounds, is expected to make CIF individuals. At 100 pounds, Mitch Kimbrell is currently undefeated and is also expected to make CIF. Coach Busia is fielding a relatively young team but is hopeful that the grapplers can work together to improve upon a dissappointing 0-2 start.

Basketball Short On Height But Not Heart



Paul Rivello



Pat Arakawa

The 1981-82 Varsity Basketball team has thus far compiled a disappointing 2-10 record. The team has been hampered by a lack of height, and has been labeled "Ritchie's Runts." Paul Rivello lead the team as center, and with the sharpshooting abilities of Chris Rossi and Jeff Vartanian, the team fought admirably against much taller opponents.

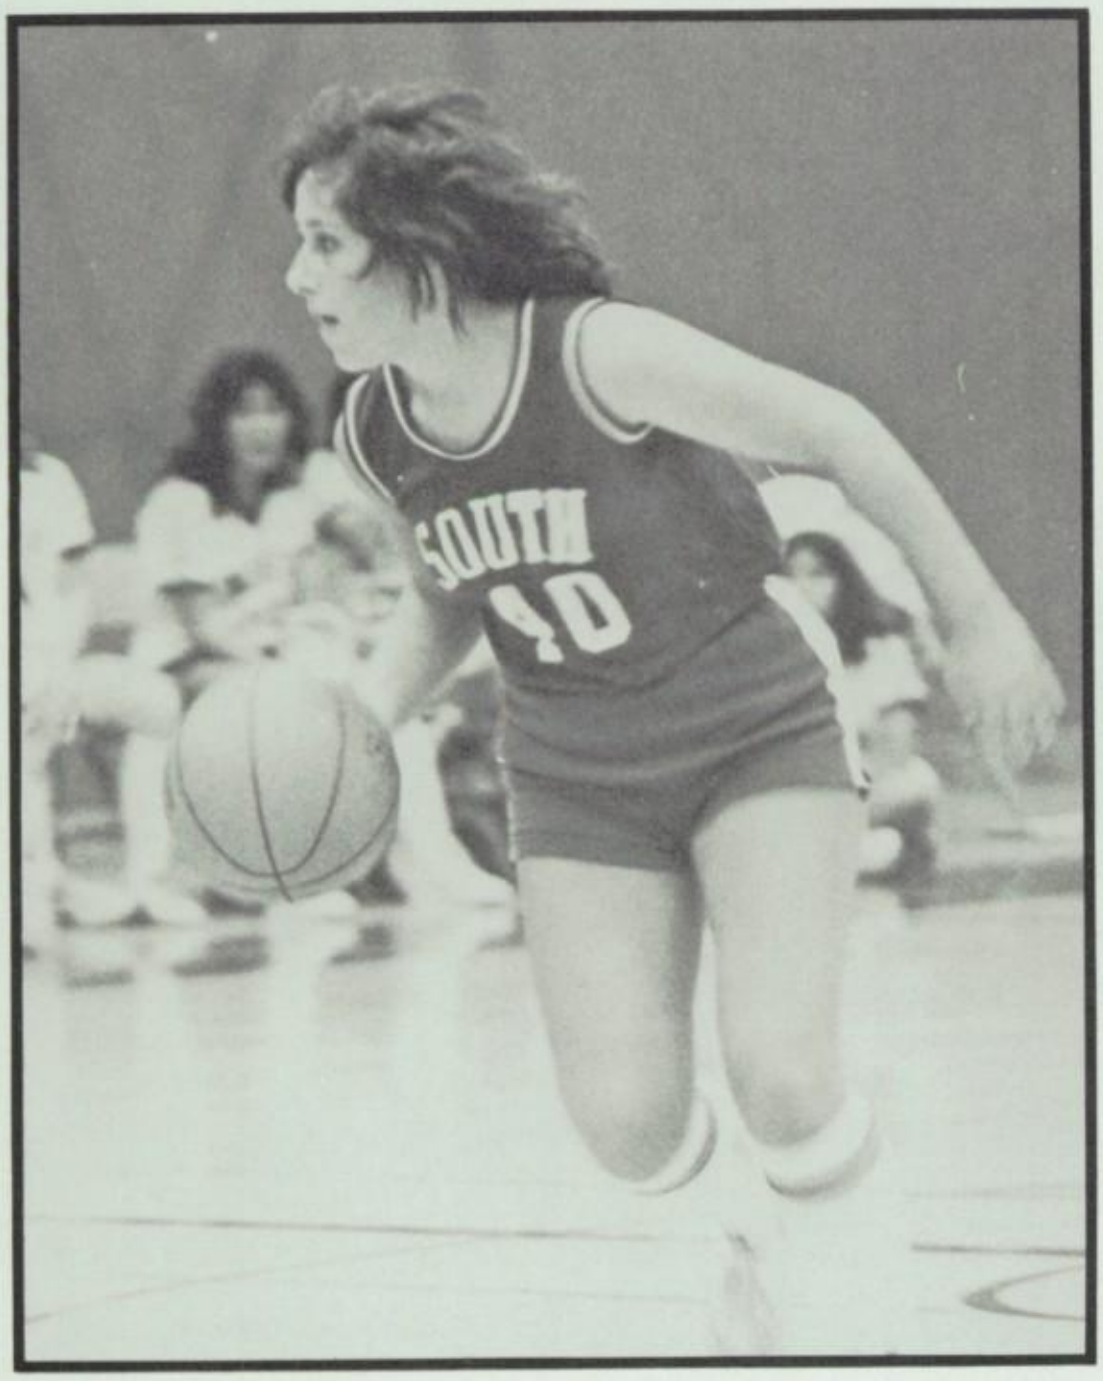
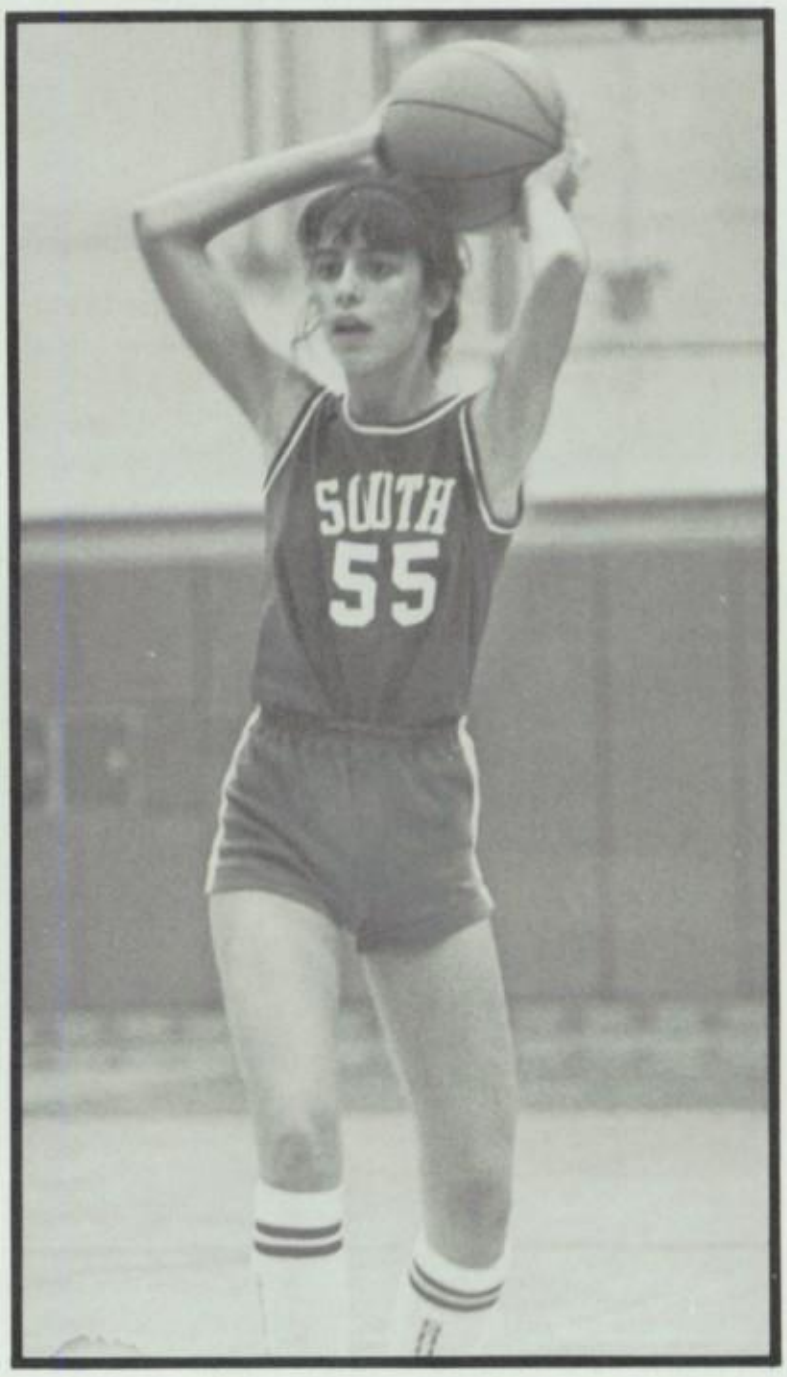
The Girl's Basketball season had begun optimistically with a blend of young and old players. The girls battled bravely, but failed to reach the playoffs. Coach Longwell stated that, "Injuries really hurt us."

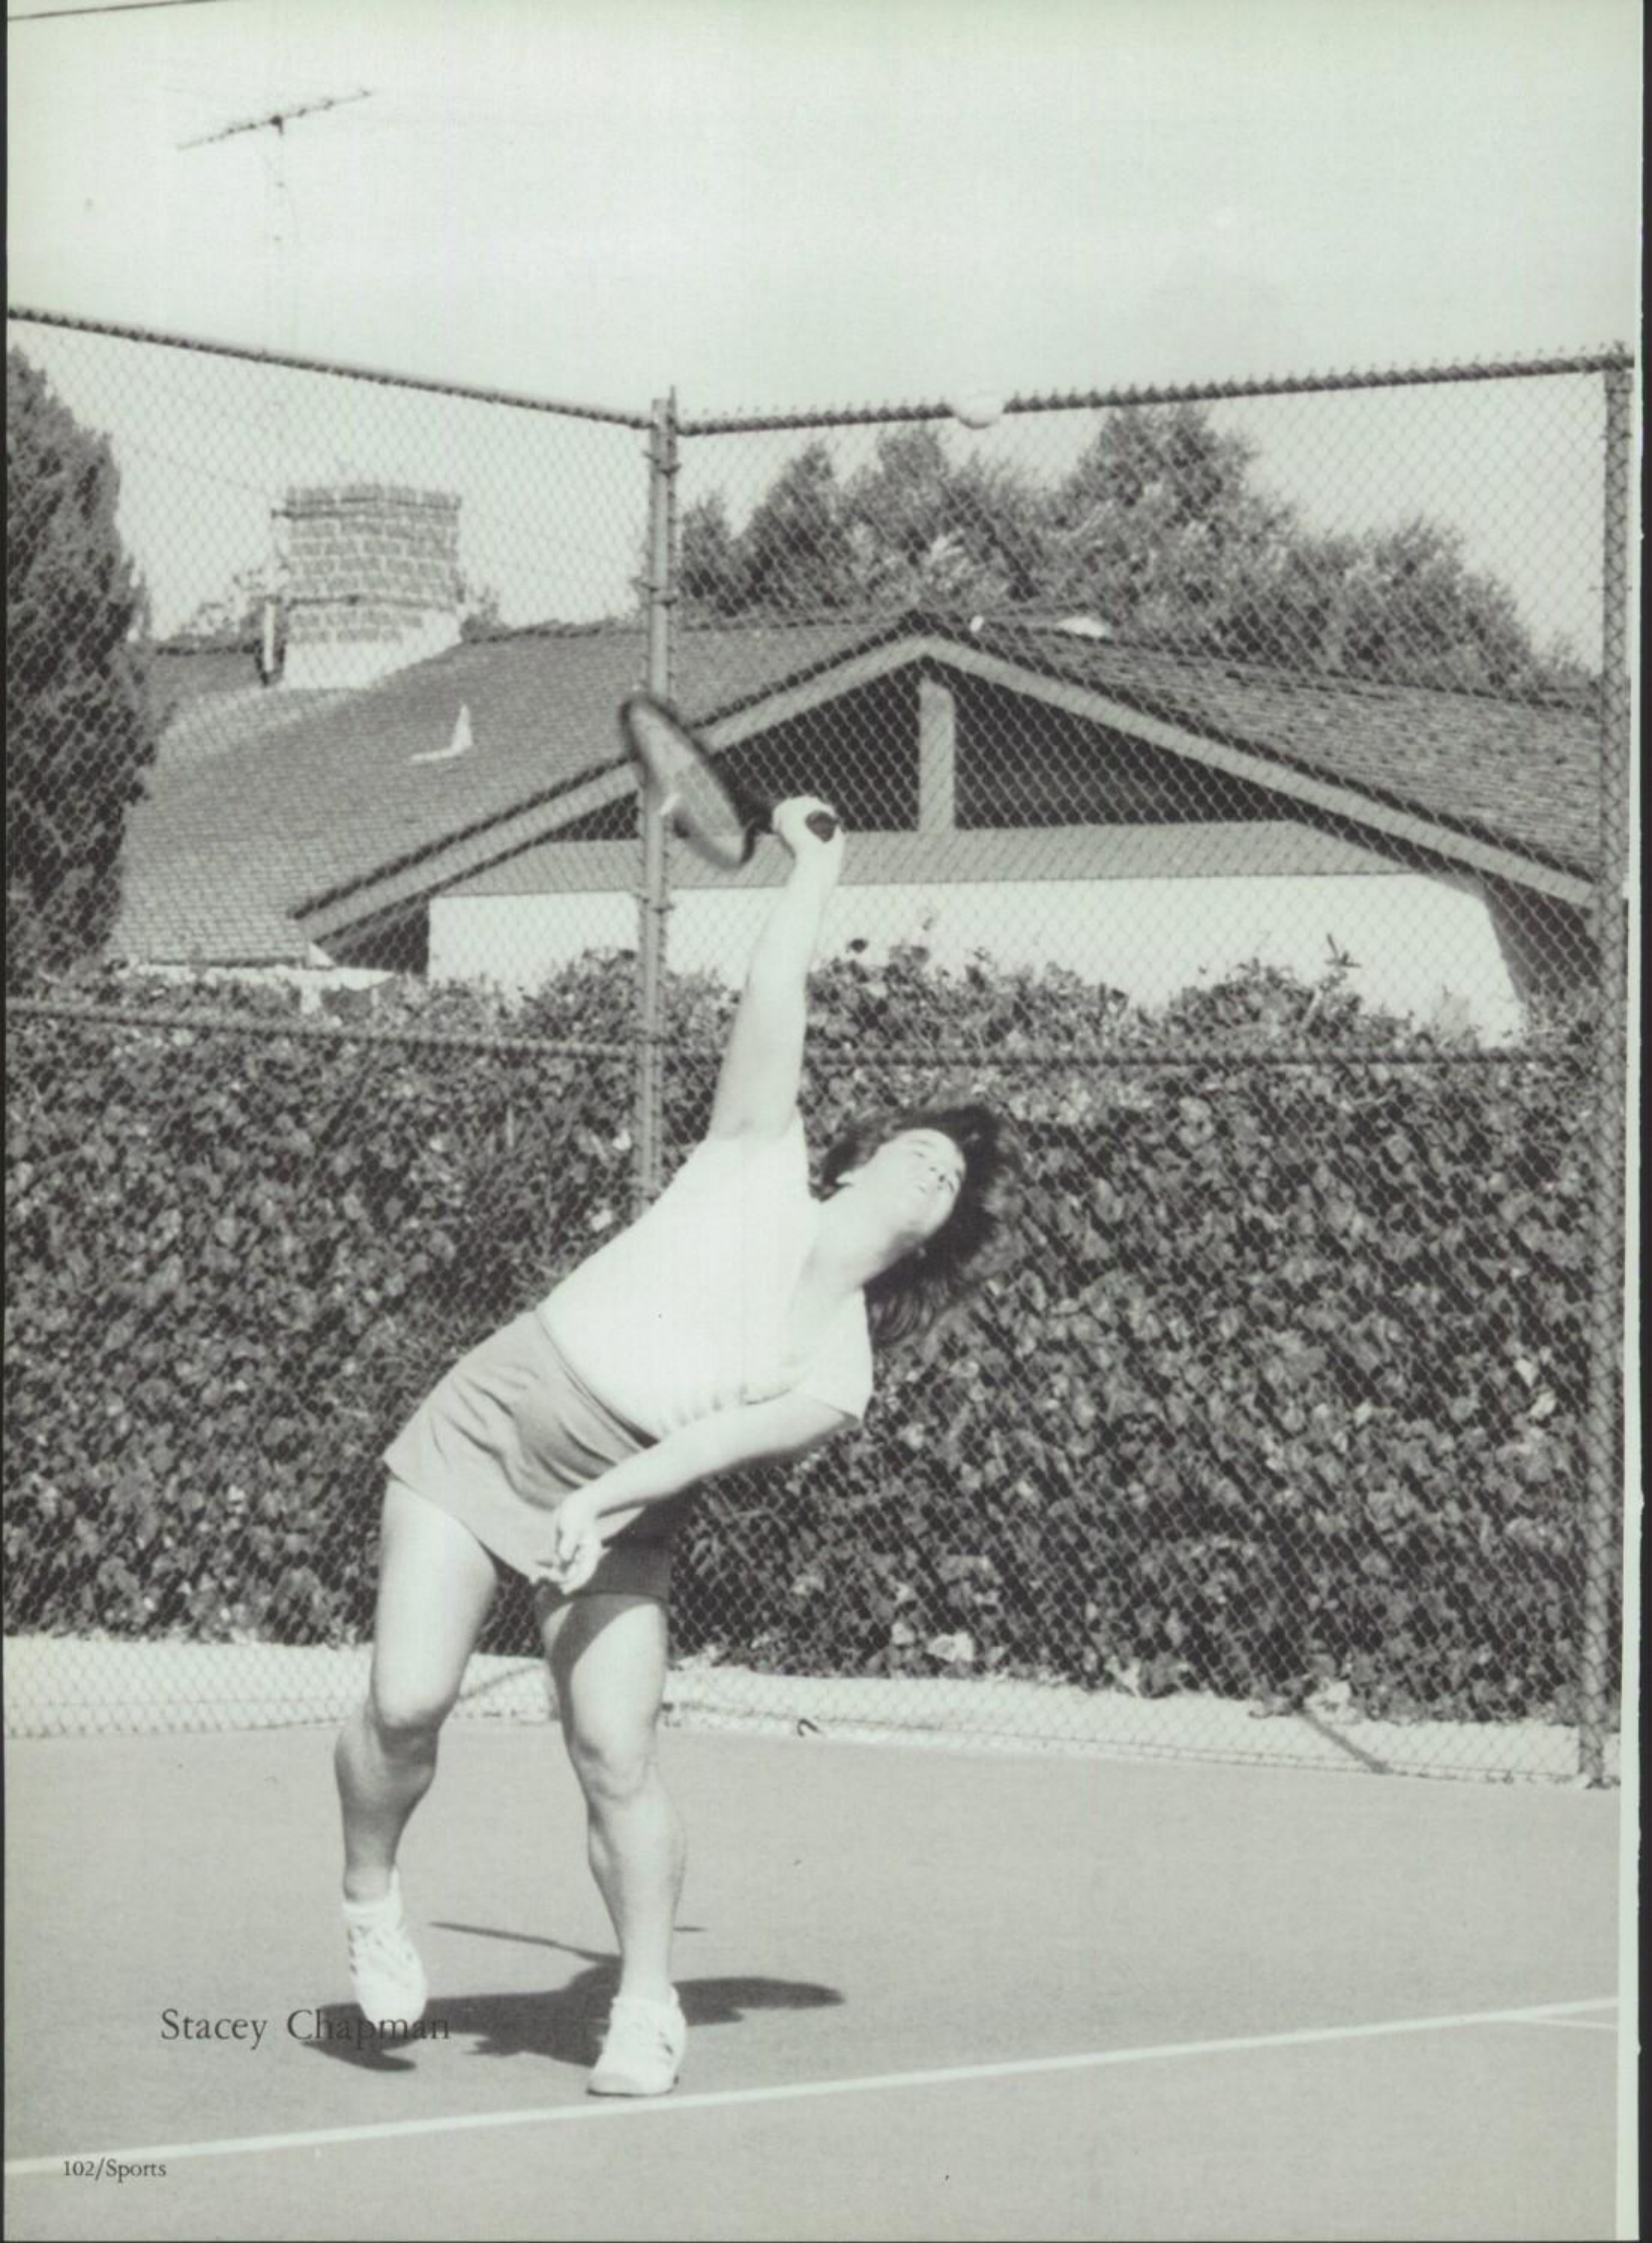
Chris Connolly and Sophomore Kristi Koyamatsu led the squad with exceptional play coming from Alisa DeNapoli and Catherine Ulyate.

Coach Longwell is also confident of an even better season next year in the rugged Bay League.

GIRLS' J.V. TEAM: clockwise, starting at #50 Chris Frink, Christine Le Fevre, Andrea Joth, Jean Biedler, Angela Lee, Lariss Ferkula, Liz Bernick, Natalie Cauble, Shauna Stevenson, Paula Pease, Jill Mitchell, Adrian Taylor.

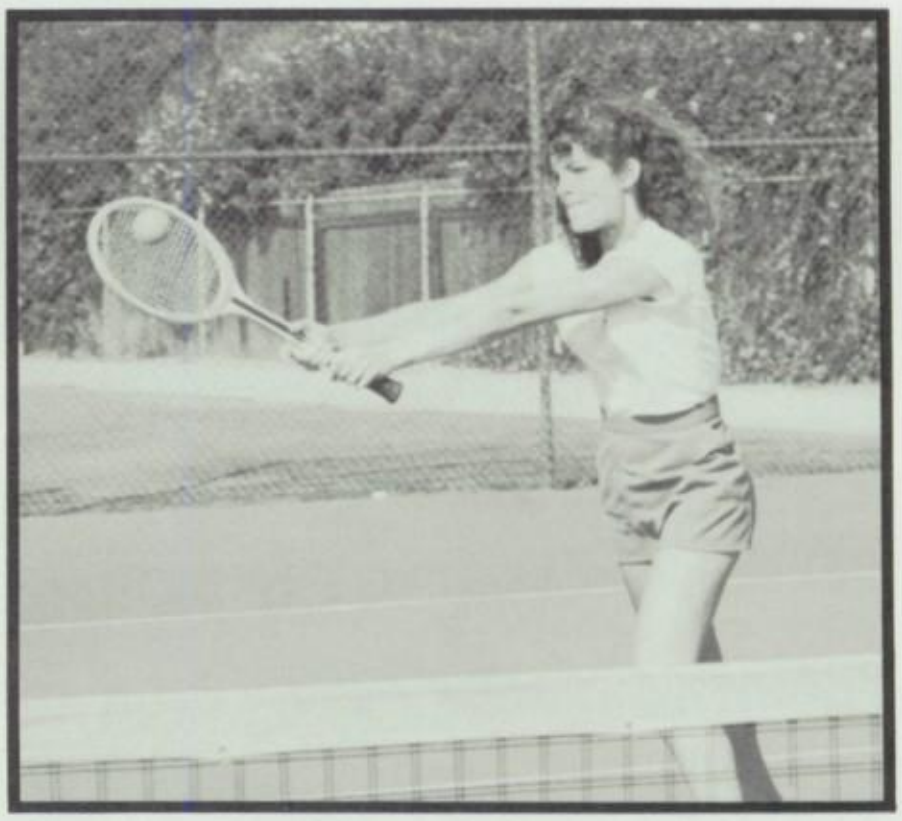






Stacey Chapman

Tennis Set Up For Banner Year



clockwise from top left- Michele Walchenbach, Dara Holland, Denise Delgado, Diana Huwe

This year, the Girls' Tennis teams are great and competing boldly. Coach Norma Veal expects the teams to place either first or second in the Bay League. Co-captains Mary Babbitt and Kelly Tebo return with excellent games. Outstanding play comes from Tebo, MVP of the '80-'81 season, Dara Holland, Karen and Elaine Cooke, and returning Varsity player Stacy Chapman, who is a sophomore. The J.V. team is working very well together. So far, they are undefeated with the help of Denise Burrows and Valarie Butte.

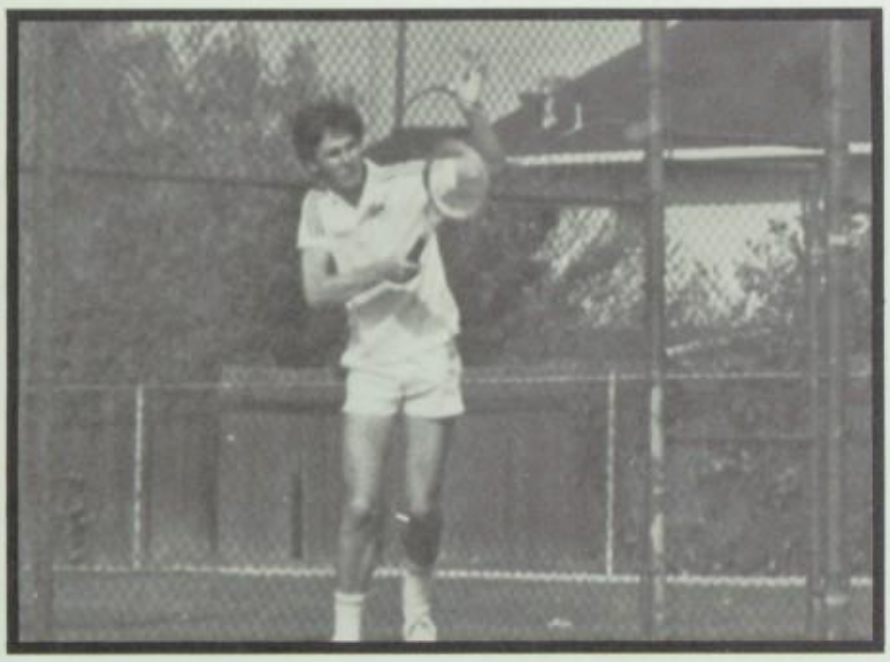
Scott Edman



The 1981-82 Boys Varsity tennis team is making a strong effort to be contenders for the CIF and Bay League titles. Sophomores Darren Yates and Curtis Dadian are providing needed wins for the team as are senior Vince Keenan junior Chris Corman and the rest of the players. As of yet the team is undefeated and hoping to stay that way for the rest of the season. With two sophomores, five juniors, and five seniors, only nine are returning from last year's winning varsity team. The tennis players practice hard during the off season, many playing frequently at clubs such as West End Bay Cities and Casa de Vita tennis and racquet clubs. Practicing year round definitely shows in their ability to play along with their record so far into the season.

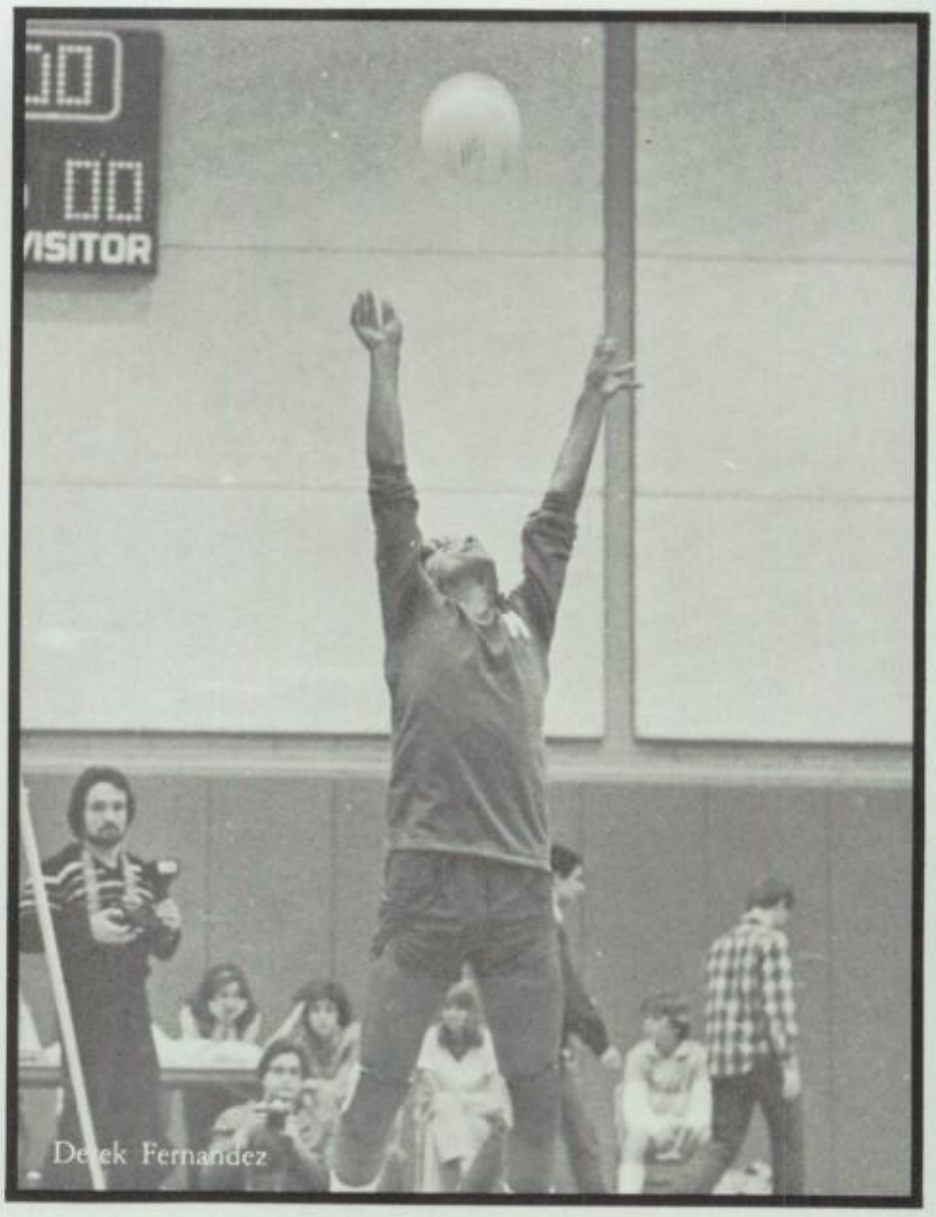
Volleyball Bumping Victims Off

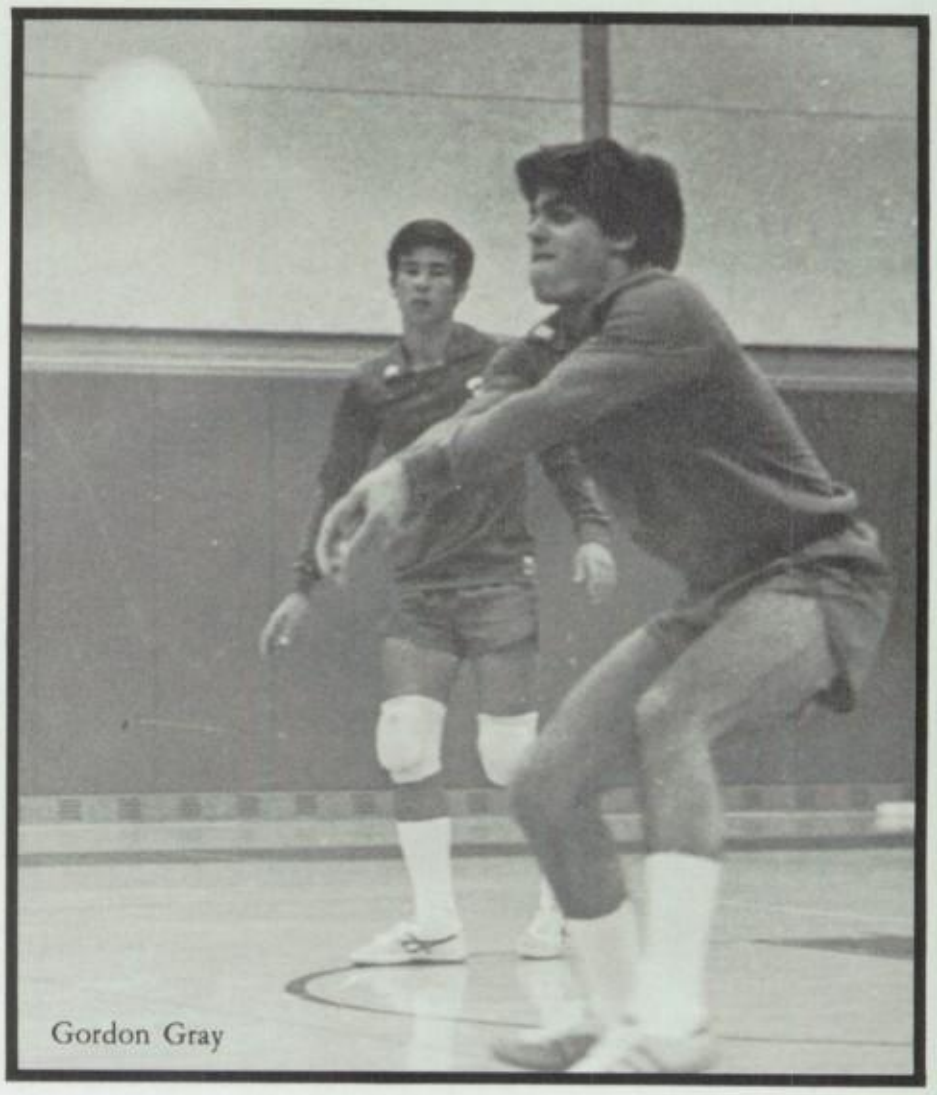
Alan Woodburn



Derek Fernandez

The 1982 volleyball season is expected to be the best of all. As coach Steven Simms stated, "They are hungry to win." The team has made a committment to work as hard as they can, while improving their own game. They have proved they are willing to work in order to win. With good defense, accurate passing, and quick offense, they are hoping for a good season. The toughest teams are expected to be North and Miraleste. Their first game will be March 5 at Miraleste, followed by the Inglewood Tournament on March 6. They are hoping to rebound from last year's season.

The J.V. volleyball team has 10 to 12 players, and many are beginners. They are quick learners and excellent prospects for the upcoming varsity teams. Their training will prepare them for the upcoming games, beginning March 5.



Gordon Gray

Varsity Volleyball Team. Left to Right; Front Row: Alan Woodburn, Tetsuya Yamano, Keith Sincock, David McAloon, Derik, Fernandez; Back Row: Coach Sims, Gordon Gray, Phil Delurgio, Andreas Koch, John Stalder, Felton Jones.

J.V. Volleyball Team. Above; Left to Right; Top Row: Brian Kehe, Ed Rosenberg, Tim McMahon, Toby Ramirez, Ron Bailey, Matt Whitney, Don McKense; Bottom Row: Dave Brody, Scott Rosen, R. J. Friedlander, Hiroshi Takeda, Robby Weir, Charlie Bryant, Joel Cowan.

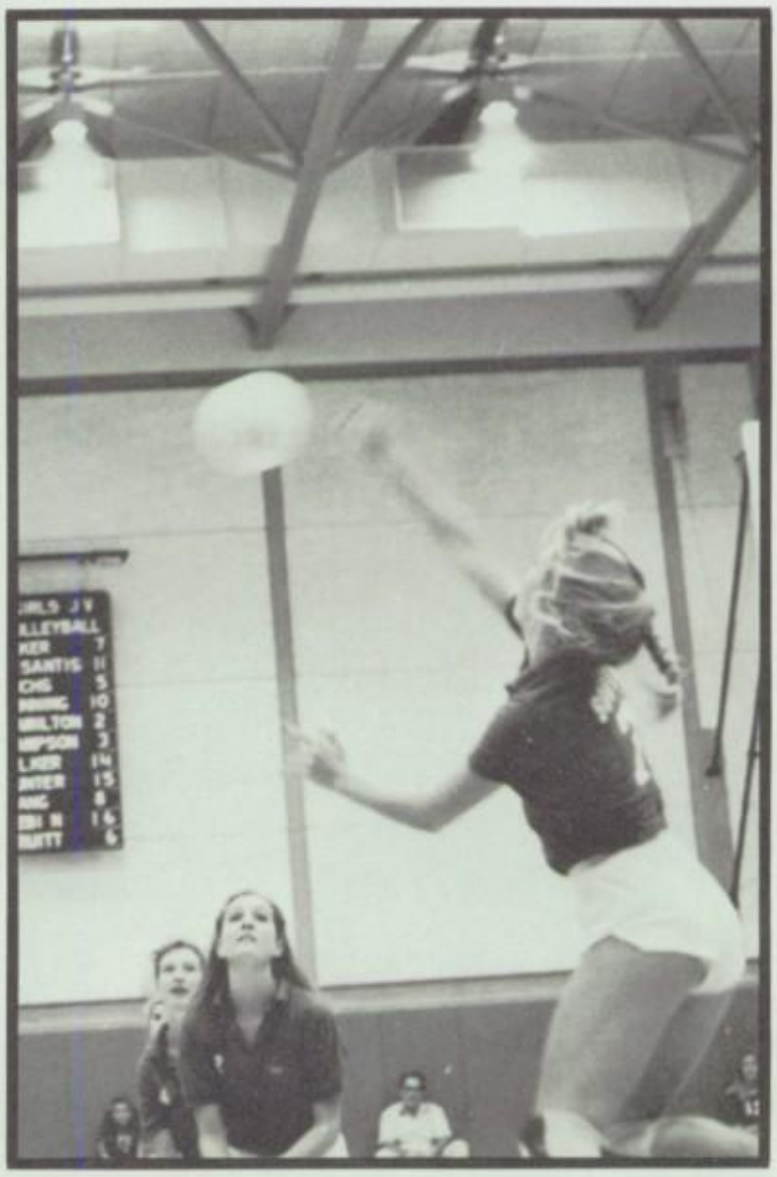
Their Opponents



Counter clockwise from the top far right: Lori Hunter, Wendy Hamilton, Karen Hilker, Andrea De Santis, Lisa Gunning, Karen Hampson, Tiffany Pruitt, Debi Nix, Noriko Kang, Kathy Fuchs, Center: Tina Baker, Seated: Coach Corman

The 1981-82 J.V. volleyball team has, unfortunately, gotten off to a slow start. Having, so far compiled a record of 3-6, Coach Corman believes inexperience is at fault. Being as how the team is so young, their improvement is continuous. Captain Lori Hunter along with Co-captain Andrea De Santis are helping the J.V. team to knock off one of the Torrance High Schools, which is one of Coach Cormans goals for this team. The remaining of their season has a bright outlook and Coach Corman expects it to be a winning one.

The Varsity on the other hand is having a very good year. As of now the Varsity has compiled a record of 8-2. Captain Jean Moir along with Alisa DeNapoli are two major powers on the Varsity team. This years team consists of three seniors, one sophomore, with the balance of the team being juniors. Cynthia Cassinelli and Kathy Hart are doing a great job of getting points on the board, whereas, Joanne Hilker and Wendy Seelig are putting up the key sets. Coach Krembas is very optimistic that the Varsity team will finish in the top three of the Bay League this season.

Bottom Row: Darin Anderson, Jim Stange, Chet Winham, Mark Kahlsdorf, Ken Valdez, Don Odom, Aylwin Agena, Dale Priebe.

The 1981-82 Boy's Varsity Soccer Team succeeded in winning the Bay League title. This hasn't been accomplished by South since 1976, but each year they were very close. In regular and pre-season play their record was 20-3-2. With goalie Rich McTaggart and strong playing by Chris Haas, Rick Cabral, Matt Jones, and Charlie Bryant, this proved to be one of the South's best seasons.

The Junior Varsity Soccer Team has also had an impressive season with a record of 17-3-3. The team is composed of 21 juniors, out of the 23 players, who have each had a minimum of four years of playing. The J.V. Team ended the season in first place, and they are off to the playoffs.

The Frost-Soph Team with a record of 23-1-2 has also reached first place. Since a majority of the team is freshmen, this is their first time playing in the Bay League. With this kind of start, Varsity Soccer in years to come has much to look forward to.

The 1981-82 Varsity and J.V. soccer teams have begun their season strongly. In regular and pre-season play, the Varsity team, so far, is 7-1-1, and the J.V. team is 4-1-1. Part of the Varsity success this year is due to their fantastic defense. Stacey Chapman and Kim Wyrick are doing great jobs. A great deal of help also comes from Goalie Polly Clute. Karen Hilker has given the J.V. team incredible power, and Cindy Loupas and Lea Lambert show terrific talent. Both teams should definitely be contenders for the title in their league.

Jimmy Aviani

Boys Varsity Track Keeps In Stride

This years Boys and Girls Track teams has been really devoted toward this sport. Coach Solomon said that all of the athletes showed alot of talent and put in a great deal of hard effort, and he is hoping that it will continue in the future to come. Mr. Solomon has been helping the track team back when Coach Scully was the only coach. In 1968 Mr. Solomon started being one of the coaches, and in 1977 he became the Head Coach of both Boys and Girls teams. Also Mr. Solomon and Mr. Scully had just celebrated their 25th Anniversary at South High. "Over all, this years team has been the strongest ones we have had in a long time."

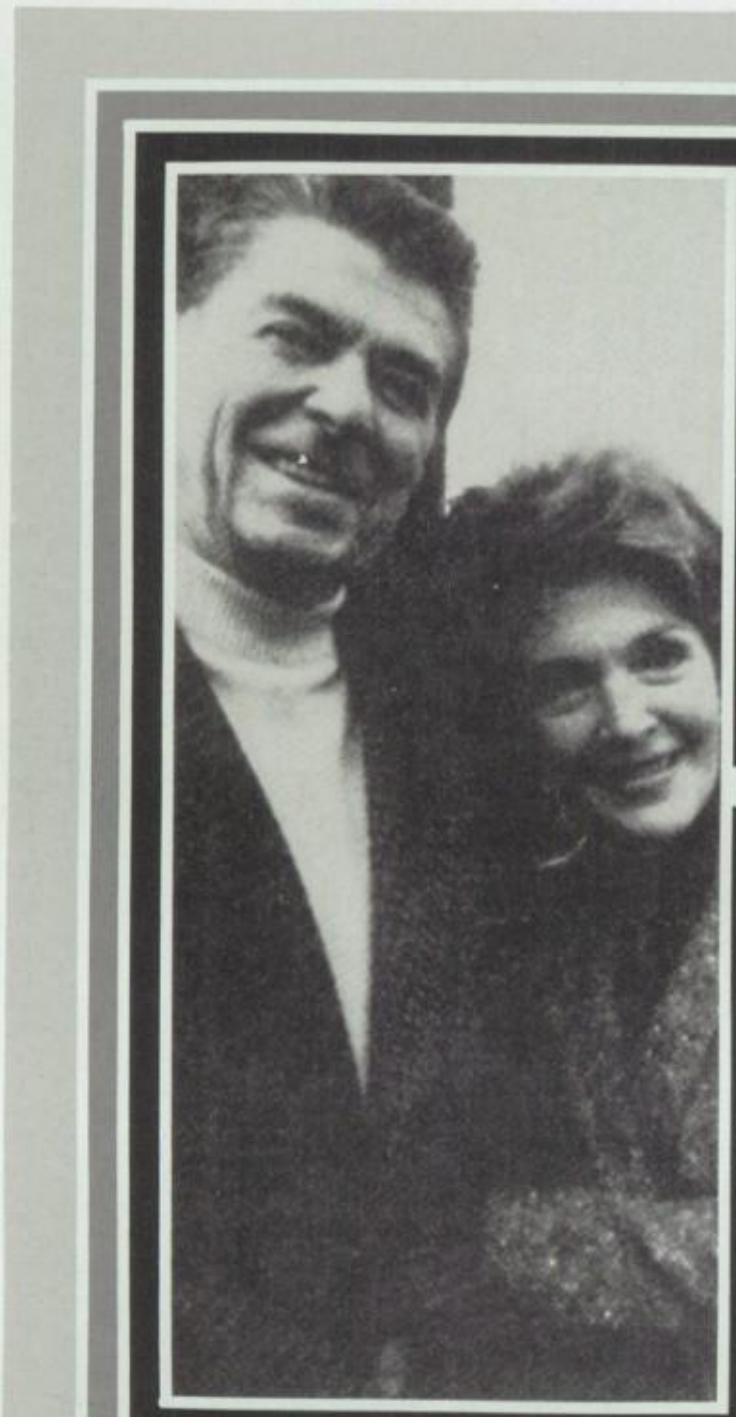
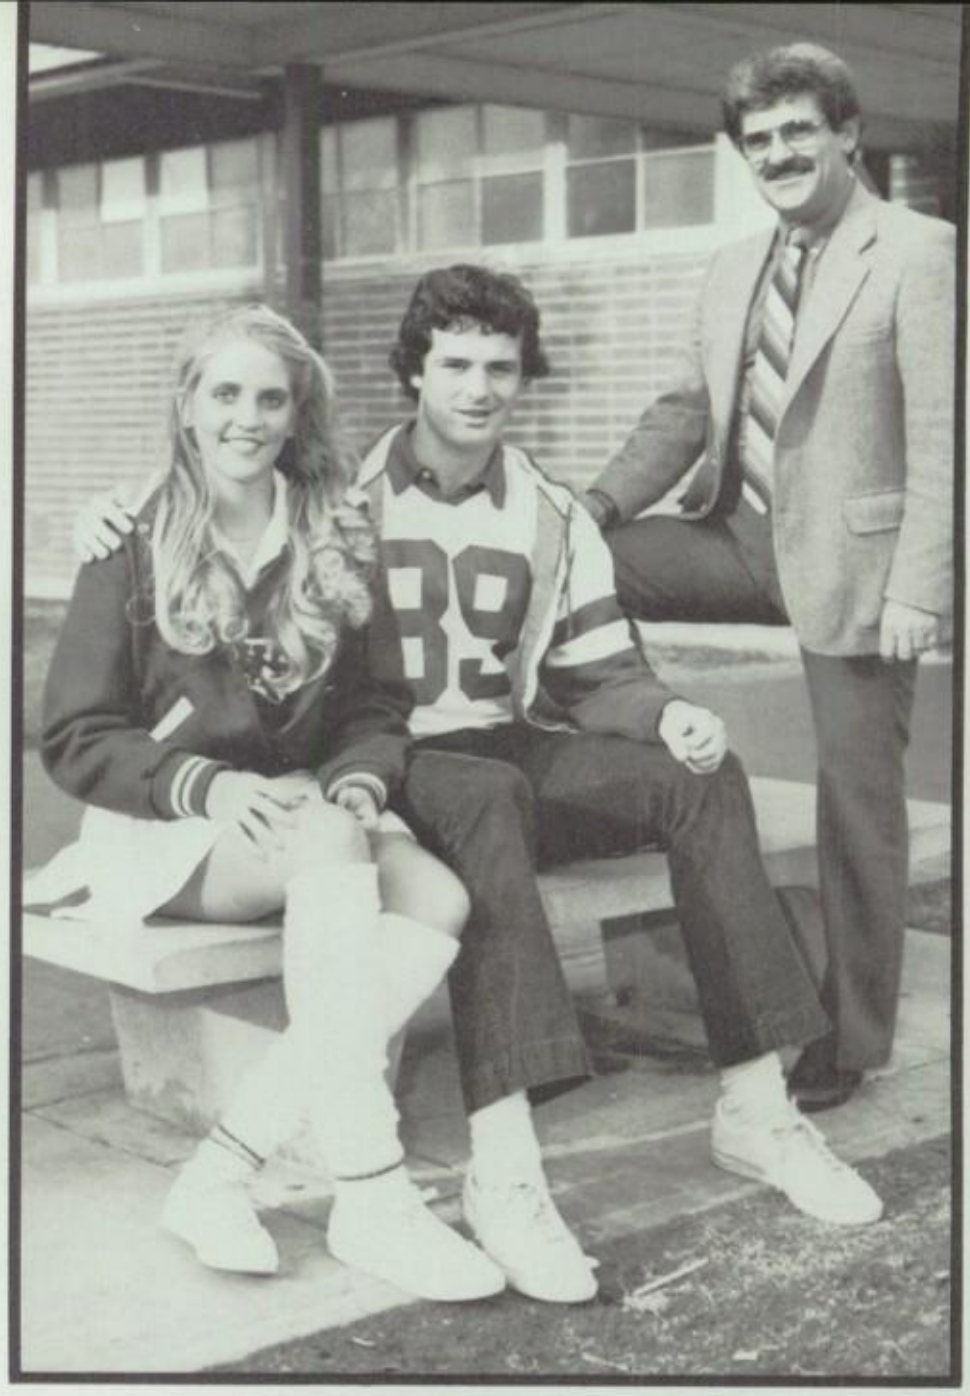
Academics



This year, South High School will be a quarter of a century old. It is our silver anniversary. Through the years, there have been many changes at South. Teachers have been moved around, classes have been dropped, and rules have been changed. We received a new attendance policy designed to discourage the hobby of collecting tardies. As if this were not

punishment enough, the district added nine minutes to our school day. This time was to have been used for school business, such as reading of the bulletin, yet, it came in handy while finishing that last question of that all-important test. These may not have been the high points of the school year, but remember the ones that were.



Joseph Rotcher, Principal

Elsie Ellsworth,
Mr. Rotcher's Secretary

This year's ***Olympiad*** celebrates two significant events—the graduation of our 1982 seniors and the culmination of South High School's twenty-fifth anniversary. Both achievements are significant and memorable. Our seniors, I believe, are better prepared to cope, due to our commitment to a rigorous curriculum and career awareness, with the varied demands of life outside the confinement of the high school experience.

Over the past twenty-five years we have graduated approximately 10,000 students, many to remain in our community contributing to its growth and success in a variety of professions. We are proud of our many accomplishments over this period of time and look forward to continuing at a high level of success in the years to come.

J. Rotcher

J. Rotcher,
Principal

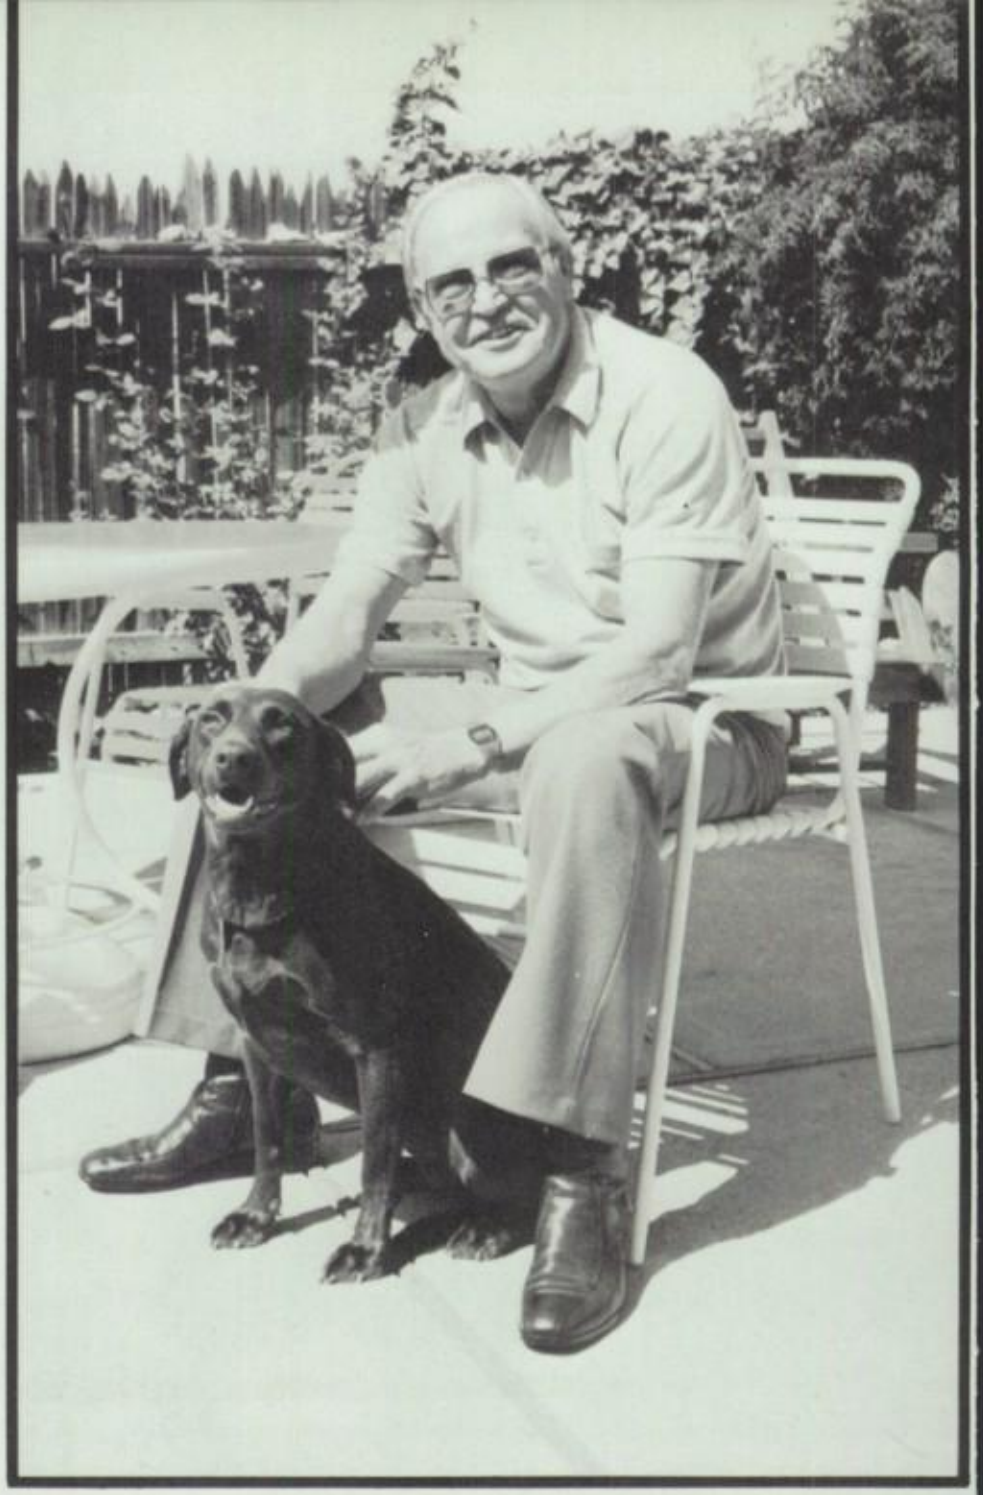
3rd Annual Faculty Picnic

Food, Families, Fun Highlight 3rd Annual Picnic

Food, families, and fun highlighted the 3rd annual faculty picnic on September 27, 1981 at the Chevron Park in El Segundo. Games played were horse shoes, a tug-o-war, balloon pass, frisbee, sack race, three legged race, and baseball. ***Evelyn Schmitt, Jack Cochrane,*** and ***Jeanette Burgner*** (who head the faculty Sunshine Club) organized the whole event. Photographer: ***John Schmitt.***



Wallace E. Geer — or Wally, as I am called by nearly everyone — was born in West Virginia. I teased the girls and tooted my way through school playing first chair trumpet in the school band, graduated, and headed off to West Virginia University to become someone.

My college years were interrupted by an extended trip to North Africa and Europe which were paid for entirely by Uncle Sam. (It was "in" then.) Upon my return to civilian life, I became a member of the Masonic Order, married my hometown sweetie, Gene, became the father of a beautiful daughter, Claudia, and acquired a B.S. degree in Education at West Virginia University — in that order!

I believe that my first teaching experience in Indiana for the grand yearly contract of $2375 was one of the most exciting, exhausting, interesting and rewarding years of my life. By the end of my eighth year there teaching all of the sciences grades 7 through 12, I was ready to move on to bigger and better opportunities in Southern California where Gene and I had spent our honeymoon. For two years I adjusted to teaching in big city schools at Mira Costa in Manhattan Beach. In 1961 I moved on to the, then nearly new, South High School in Torrance and the natural sciences. Throughout the years I have acquired a few more educational letters after my name (at Cal State Long Beach and the University of Maryland) and continued to teach. These 21 years at South High School have hurried by with frequent challenges and many personal rewards. Often I can be found teaching an evening class at El Camino College in zoology, biology, anatomy, or physiology. In the summer I "help out' at a local lumber yard while the guys take turns vacationing. I enjoy wood working, cross word puzzles, drama, gardening, the Dodgers, good music (especially a big band tune called "At Last"), historical novels, and then there is "the Mountain": three acres of tall fragrant pines with a cozy trailer, and the desire to reshape the land with a shovel until it is "just so". Often though, I just sit there with my feet propped up on the wood stove, smoke my pipe, or roam the hills with Gene and our dog, Gypsy.

Then there are the kids: when that glimmer of understanding appears on the face of a student whom I have challenged in the classroom; when I meet a former student, and he or she calls out, "Hey, Mr. Geer, I want you to meet my family"; when the college students come back to say, "Thanks for making me "hang in there', Wally". That's when I am pleased. That's when I know that I'm doing what I like to do best. I'm an educator.

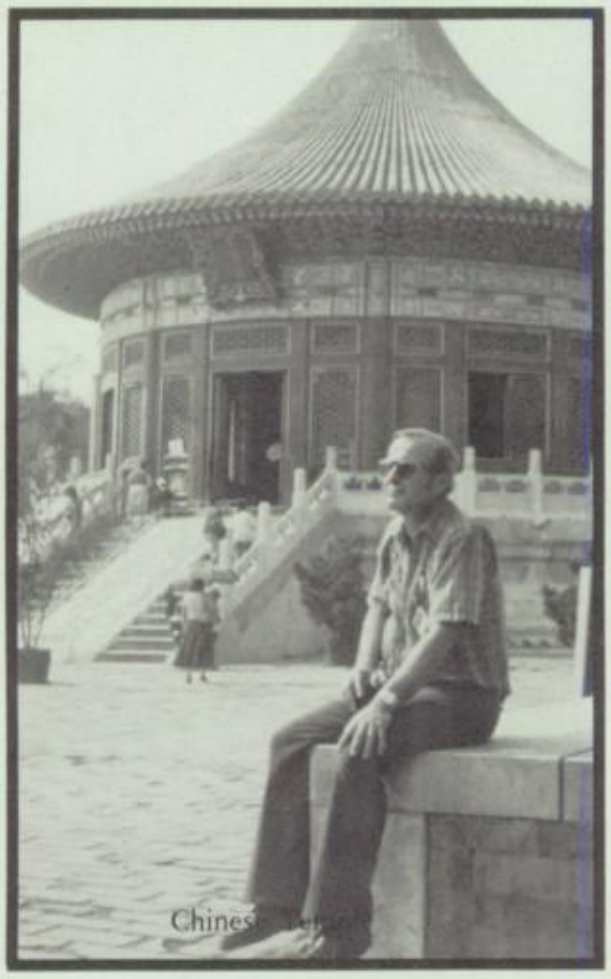
Wally

My first contact with South was before it ever opened. As a newspaper photographer-reporter for the late ***Torrance Herald,*** I covered the opening of the school in 1957. Five years later, I returned as a teacher. Since then, I've had some 3000 students in Journalism, English, History, Sociology, and Photography. I've advised nearly 300 ***Sword and Shields*** from which 50 journalists have gone into the communications field. Some of my best friends are former students, whom I've visited in such places as Hong Kong, Tokyo, and Berlin, as well as, believe it or not, a White House Press conference.

I've been involved in Journalism since the second grade 205 Press, back in Nebraska. After graduating from Cornhusker U., I travelled west to check out the beachers and stayed, acquiring a suntan, '36 Chevy and many succeeding gaseaters, house, wife, son, dogs all named Will, MS and PhD degrees from USC, and arthritis. Enroute to teaching, I have checked and boxed groceries, swung a sledgehammer for the railroad, washed dishes, delivered baby furniture, reported, photographed, edited, freelanced, and worked in public relations.

The first male member of my family in more than 500 years who hasn't earned a living in woodworking, I build and refinish furniture as a hobby. I also raise cactus and succulents, bicycle, read, and travel. I've been to every state but North Dakota, as well as 37 foreign countries. I like to visit places with strange-sounding names, like Chichicastenango, Fatepur Sikri, or Kilimanjaro. I've stared at the Acropolis in Greece, Great Wall in China, herds of elephants in Africa, snow-covered peaks in Switzerland, Eskimos and oil pipes in Alaska, and gleaming marble buildings of our nation's capital.

All of this helps me keep my perspective and my sense of humor in my small cabin on Spaceship Earth. I am a rider on a great star trek to new and exciting adventures.



Don Bische

Roger Bryant:
Born and raised in San Gabriel, went to Alhambra High where he played tennis and football.
Went to UCLA and met his wife there (Maureen).
3 years varsity soccer and his team had a 5-0 record—captain and All League last year.
Business Administration major.
Married right after graduation; 6 months in Army National Guard; then worked for Northrop and SCM Corporation; went back to CSULA and acquired a teaching credential.
Family: Wife Maureen is a teacher at San Marino High School and is the tennis coach; daughter Betsy is a student at Cal State Stanislaus and son Charles is a junior at South and on the volleyball and soccer teams.
Taught at South since 1965 in the Business Department; has been the varsity soccer coach since 1966 and Athletic Director since 1973.
South's soccer teams are his greatest pride: seven times in the CIF finals; three European tours; many tournaments and terrific players who have gone on to college and even two to the pros. Roger has been State Coach of the Year twice and served on national committees and state committees many times.
Roger enjoys playing tennis, riding a bike, jogging with the other coaches—over 11,000 miles so far.
"The future should have maybe one more of running, one more championship, and one more day."

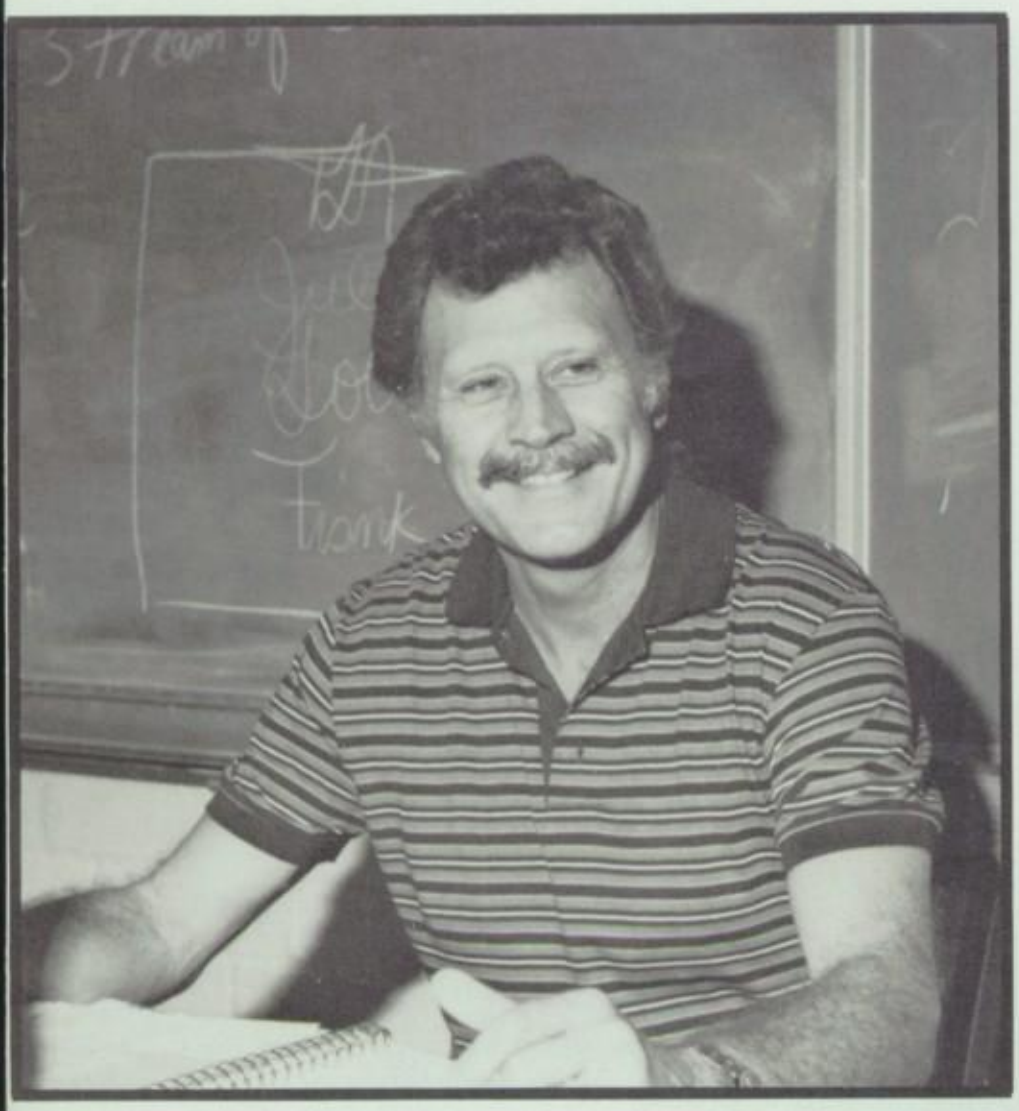
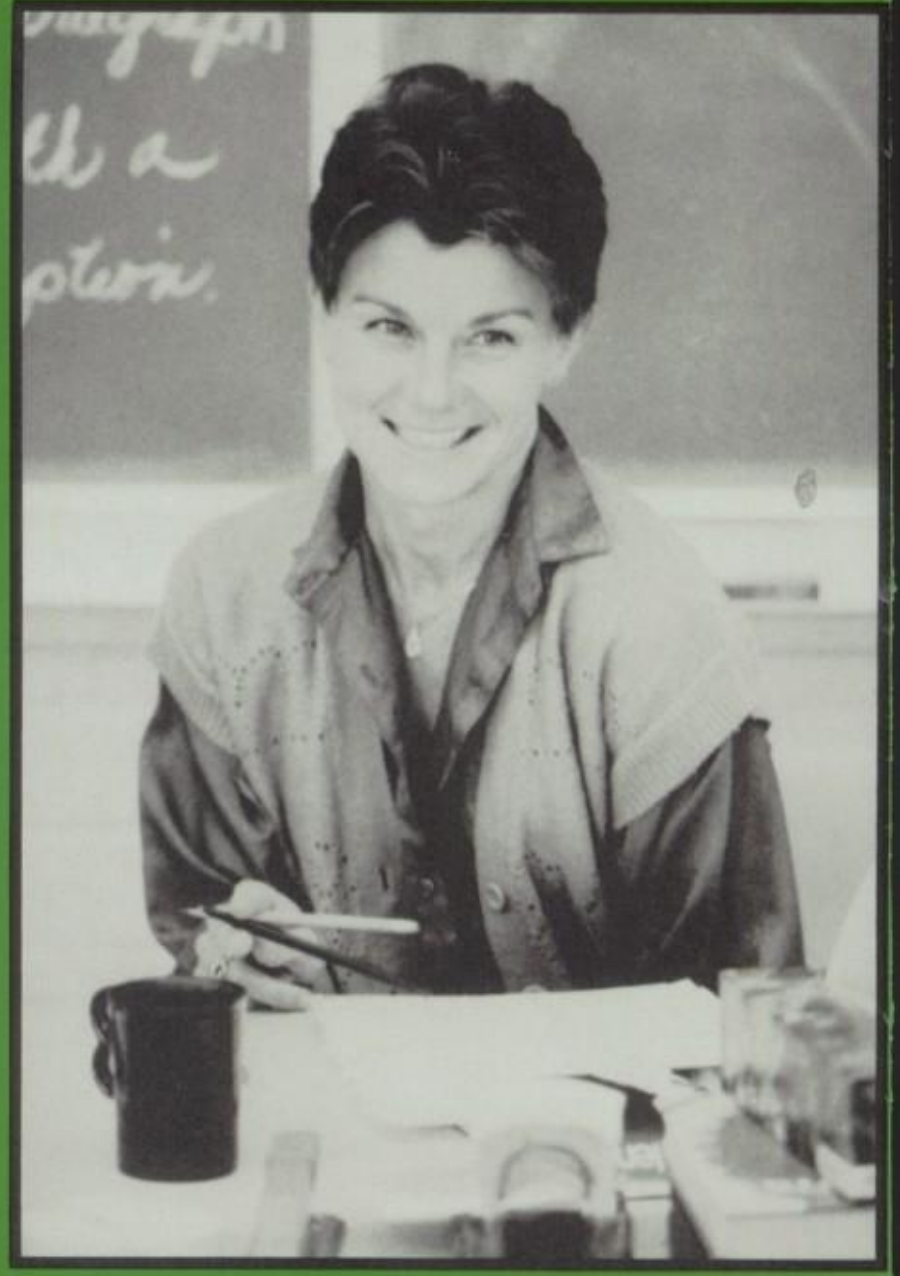
ENGLISH



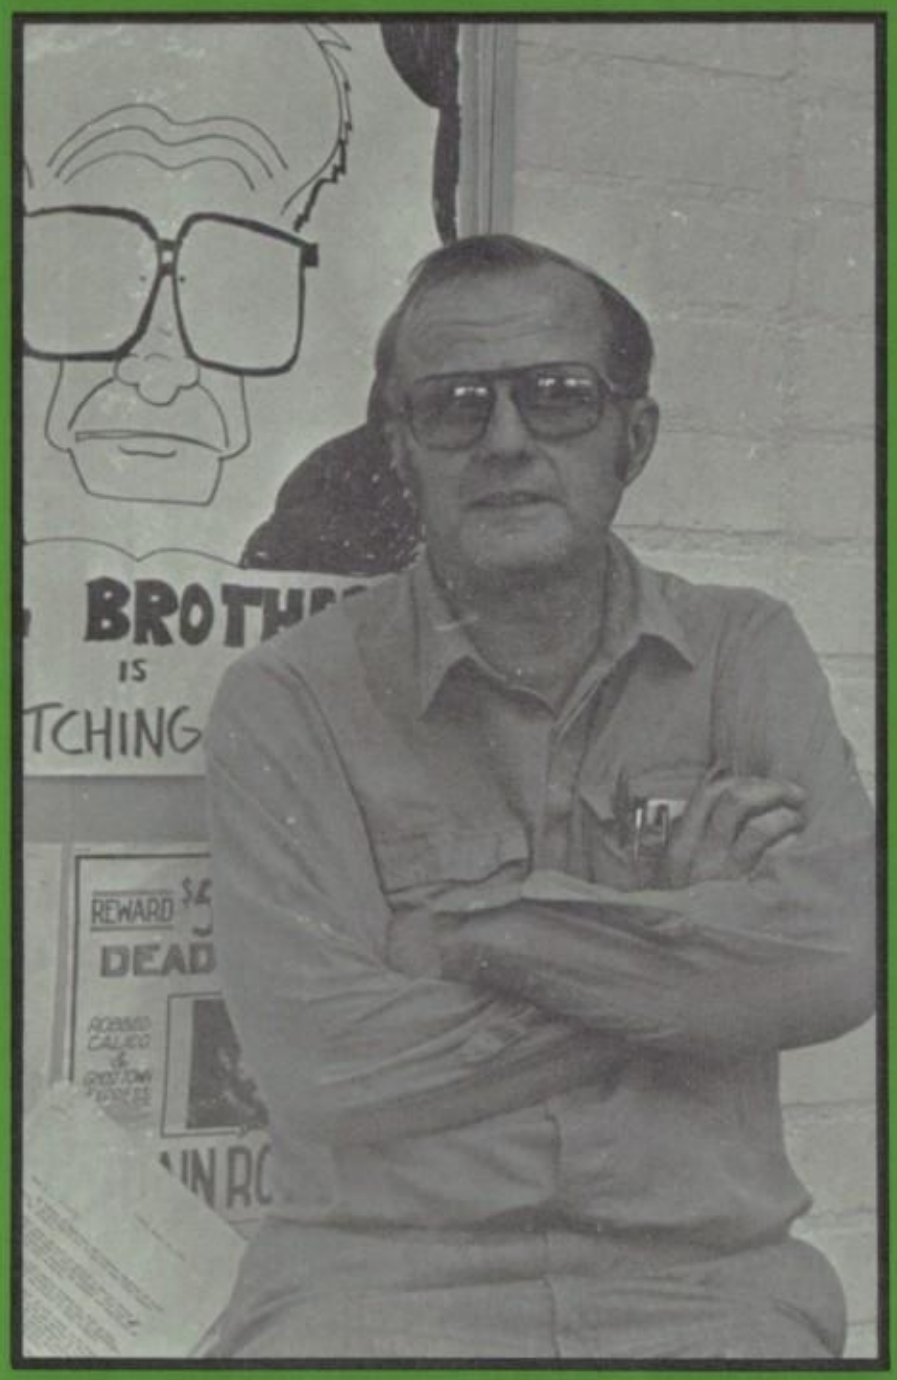
Top Left: ***George Ice*** Top Right: ***Judy Rini*** Bottom Left: ***Patricia Stewart,*** Department Chairperson; Bottom Right: ***Shirley Thayer*** Not Pictured: ***Dr. Joan Elliot***

English

The English Department began with the basic concept of English 1, 2, 3, and 4, but now many more specialized classes are available at South. Our reading department and Journalism class are widely recognized in the district. A new addition is the seven honors classes, which offer students early college credit through the Advanced Placement Program. At one time, the English Department had 23 full time teachers, offering as many as 120 elective English classes. We now have 15 teachers.



Top Left: ***Barbara Hawkins,*** Top Right: ***Nancy Wickstrom,*** Bottom Left: ***Betty Guest,*** Bottom Right: ***Mavis Furjanick***



Top Left: *Jean Covelli,* Top Right: ***Ken Anderson*** Bottom Left: ***Dr. Thomas Rische,*** Bottom Right: ***Gail Karacsony***

Social Studies

The Social Science Department began with four teachers, twenty were working during the 1960's, and now we have nine. Social Studies and English used to be a combined two-period class, with one teacher. These two classes became separate in 1963. Homogenius grouping, grouping students by an academic level, was used in the late 1960's. The elective program began in 1968, offering specialized classes. During the late 1960's and early 1970's, the emphasis in history tended to be toward behavorial manners. In the 1960's, the graduation requirement was reduced from 40 credits to 30 credits, which is the requirement needed today.

This year, eleven teachers taught a total of 48 classes. Out of 1900 students, 1535 (80%) were enrolled in a math class. There have been some changes and some additions. Math was taught in the traditional manner until the late 1960's, when the era of new math began. After a few years, the new math began to disappear, the traditional methods came back once again. There have been three additions. Calculus, and Honors class that gives college credit, and Computer math, a modern class. In 1974, South began its lab-classes, another addition to the Math Department. A normal 4 year schedule would include Algebra 1, Geometry, Algebra 2, Trigonometry & Analytical Geometry, and possibly Calculus. Besides the 10 credit requirement, a student must pass the math section of AB-65 in order to graduate.

Math Teachers Top: ***Gene Dokter,*** Bottom L/R: ***Fred Schweisinger, Fred Seidel, Kathleen Simons-Lorenzen***

Science

The Science Department had 14 teachers at one time, but due to the declining enrollment, there are only eight teachers now. Some of the new classes are Anatomy, Physiology, Oceanography, and four different Honors classes. There is no longer a Science Fair, which displayed the student's projects and gave awards. It was dropped a few years ago. There is a ten unit requirement for graduation, but there is a possibility that 20 units will soon be required. Although there was a time when enrollment in the Science Department was low, the student is now taking an interest in learning about Science.

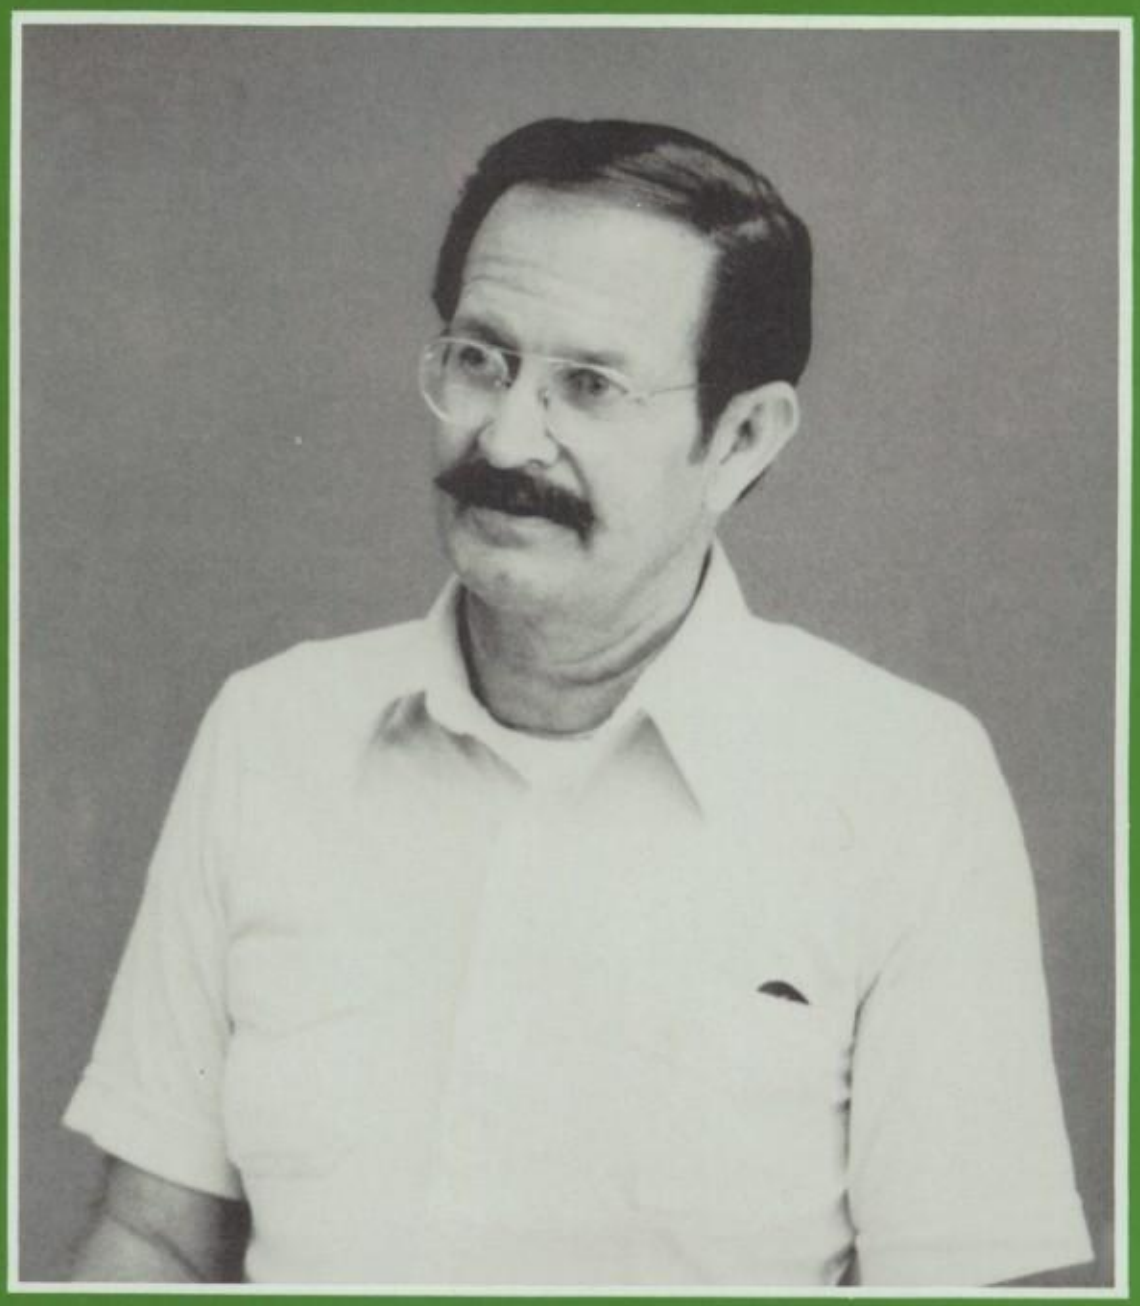
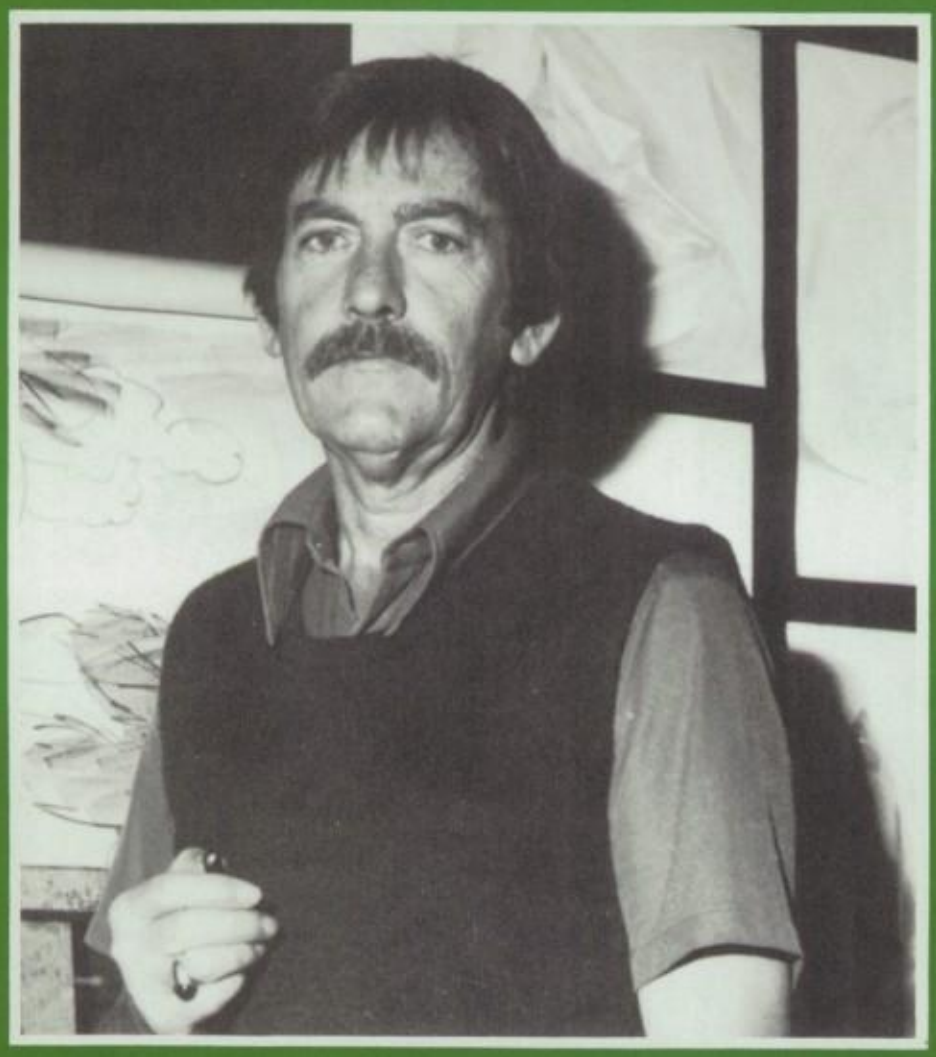
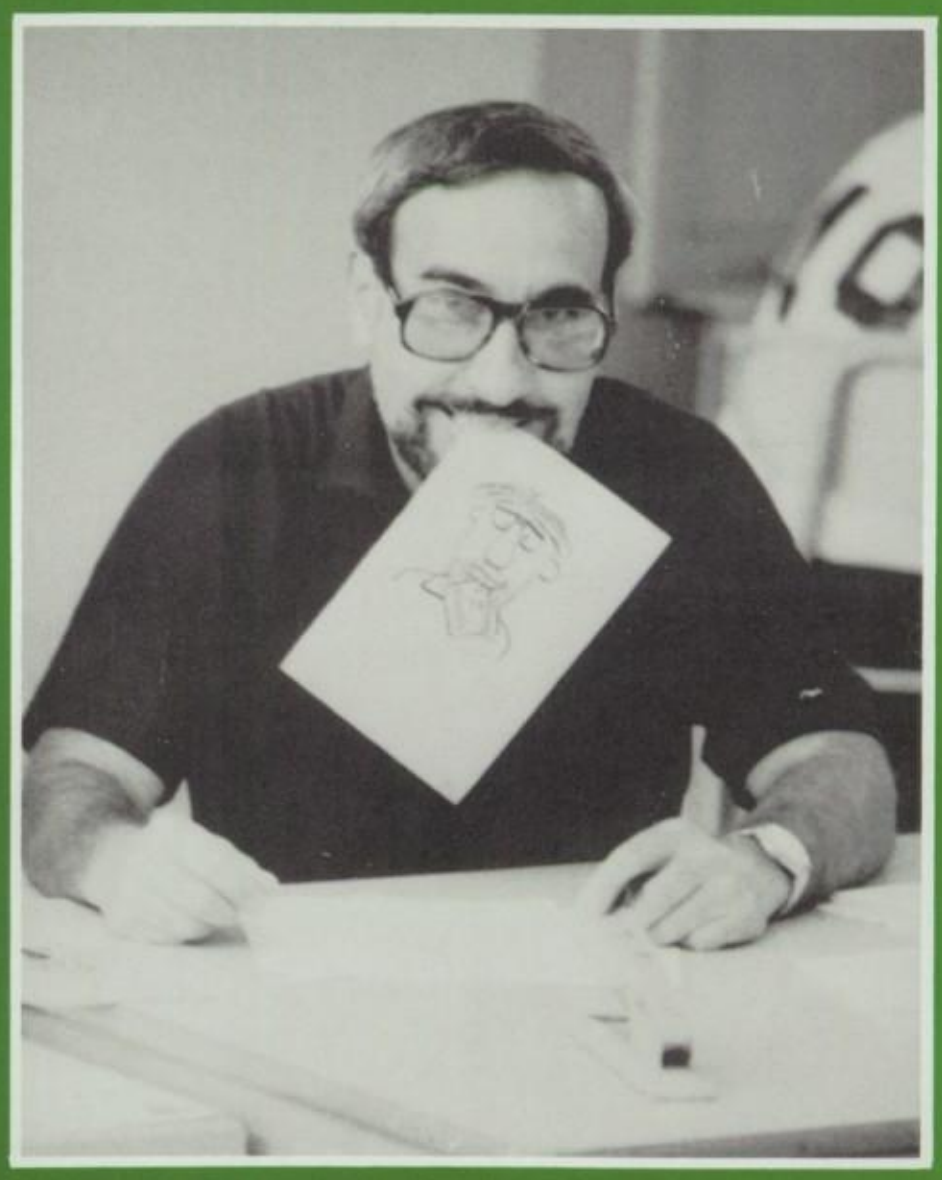
Fine Arts



Right: ***Ken Tuxford***, Department Chairperson
Lower Right: ***James Pickard***, Art
Below: ***Al Osberg***, Drama





There have been eleven art teachers at South since the opening. In 1975, the art department reached its highest enrollment; there were five teachers. Now we have two teachers. The basic art classes have always been taught, but some new classes have been added; for example, film animation, printmaking, commercial art, and art production. The department has a few new ceramic kilns and some new photographic equipment for silkscreening.

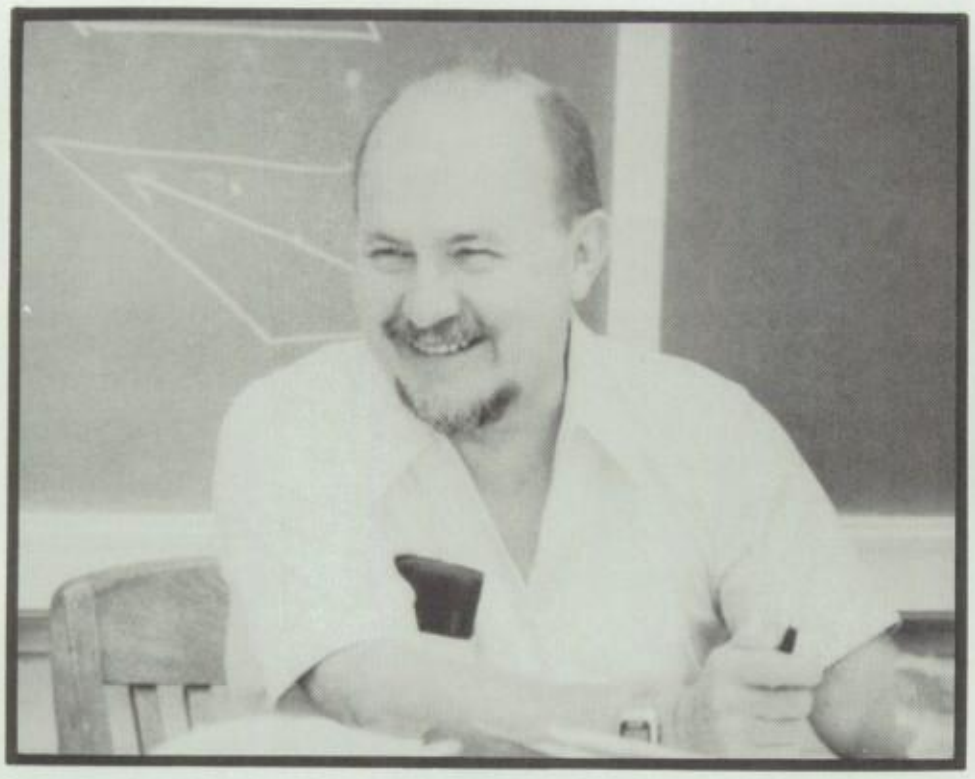
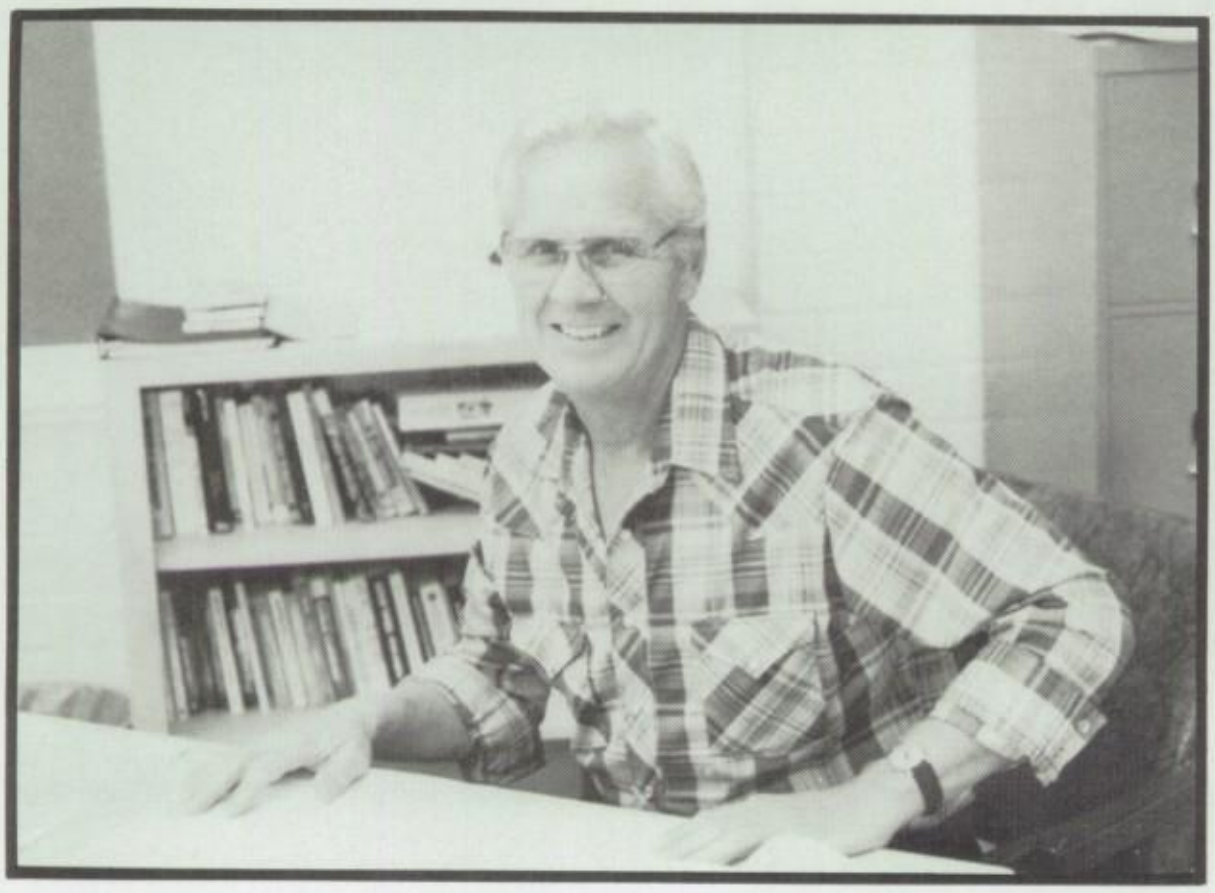
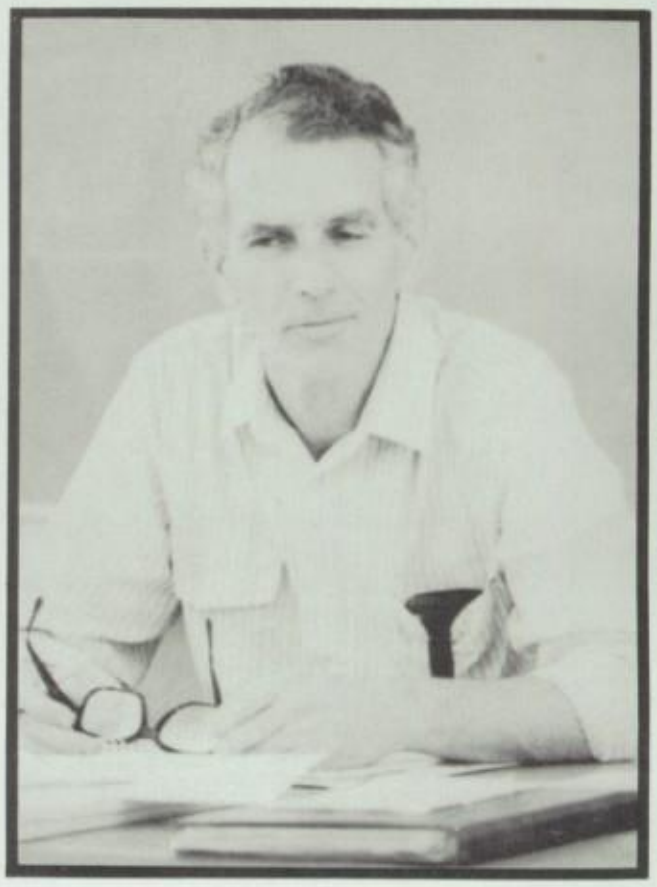
School Within A School







The School Within a School (SWAS) was added in 1975. SWAS is a program which offers flexible scheduling, variable credit, and more individual attention. The students enrolled must be responsible enough to work on their own. SWAS makes it possible to work ahead and get a full year's credit in half a year. South High School is the only school which offers all four basic classes: Science, Social Studies, English, and Foreign Language. The class is now at the peak of enrollment with 110 students. South should be proud to have this special program.

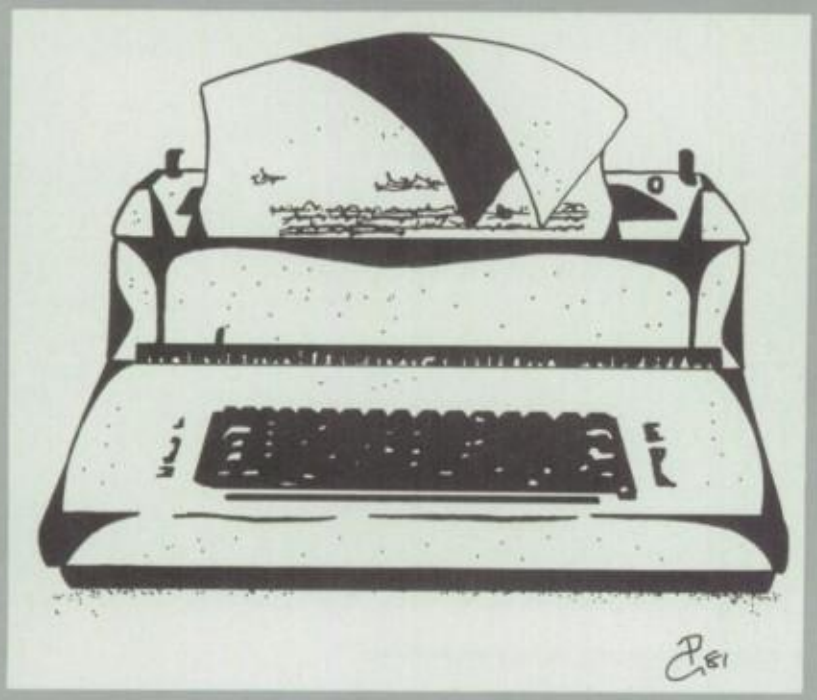
Home Economics,
Bottom Left: ***Norma Meusing***
Bottom Right: ***Jo Keegan***

Business

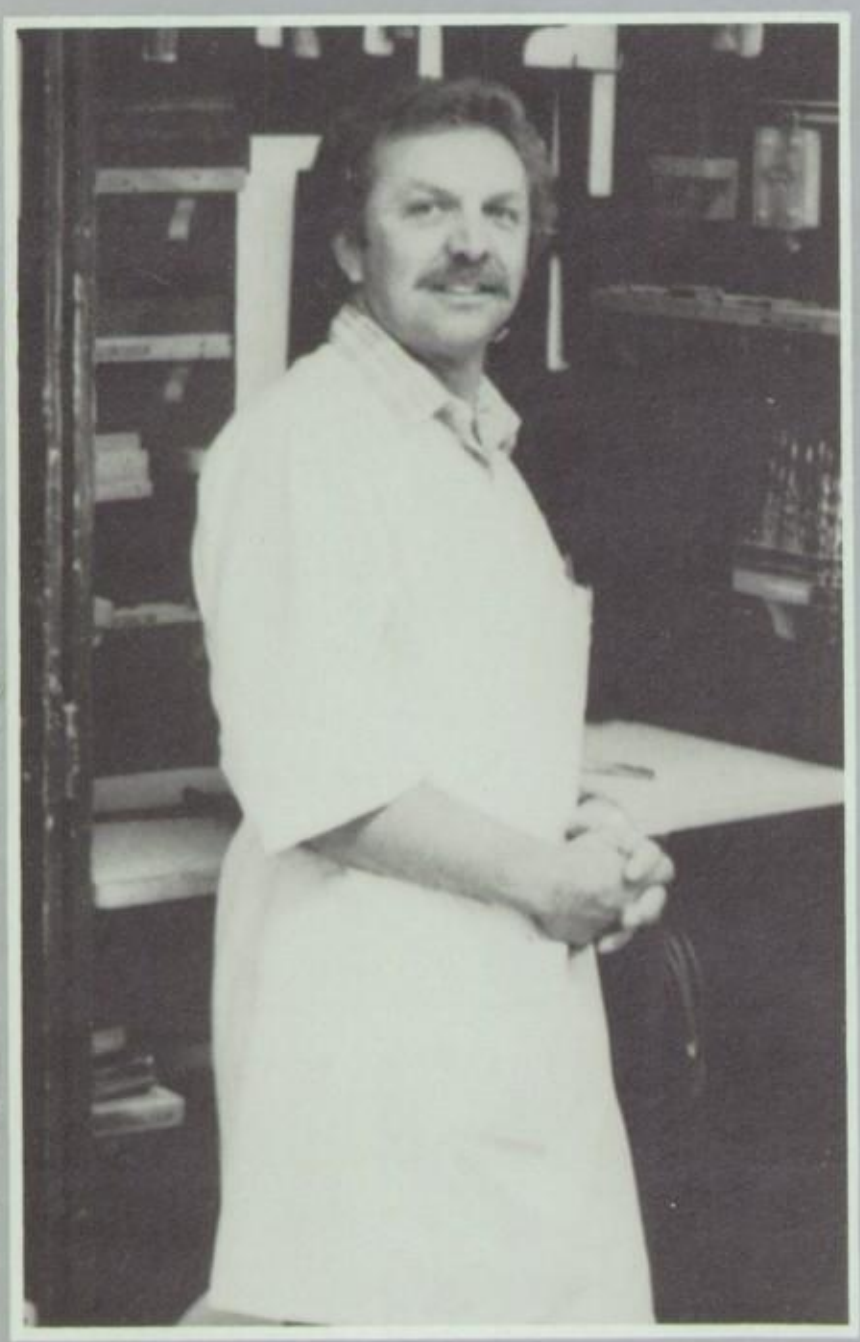
The Business Department began with nine teachers; we now have four. Although a few new classes have been added, basically the classes were modernized. The department is now furnished with typewriters and machines that resemble the ones in the working world. Although 90% of the jobs require a typing skill, not many students are enrolled in a typing class; however, there is an increased enrollment in the other business classes. There is no graduation requirement; all business classes are electives.

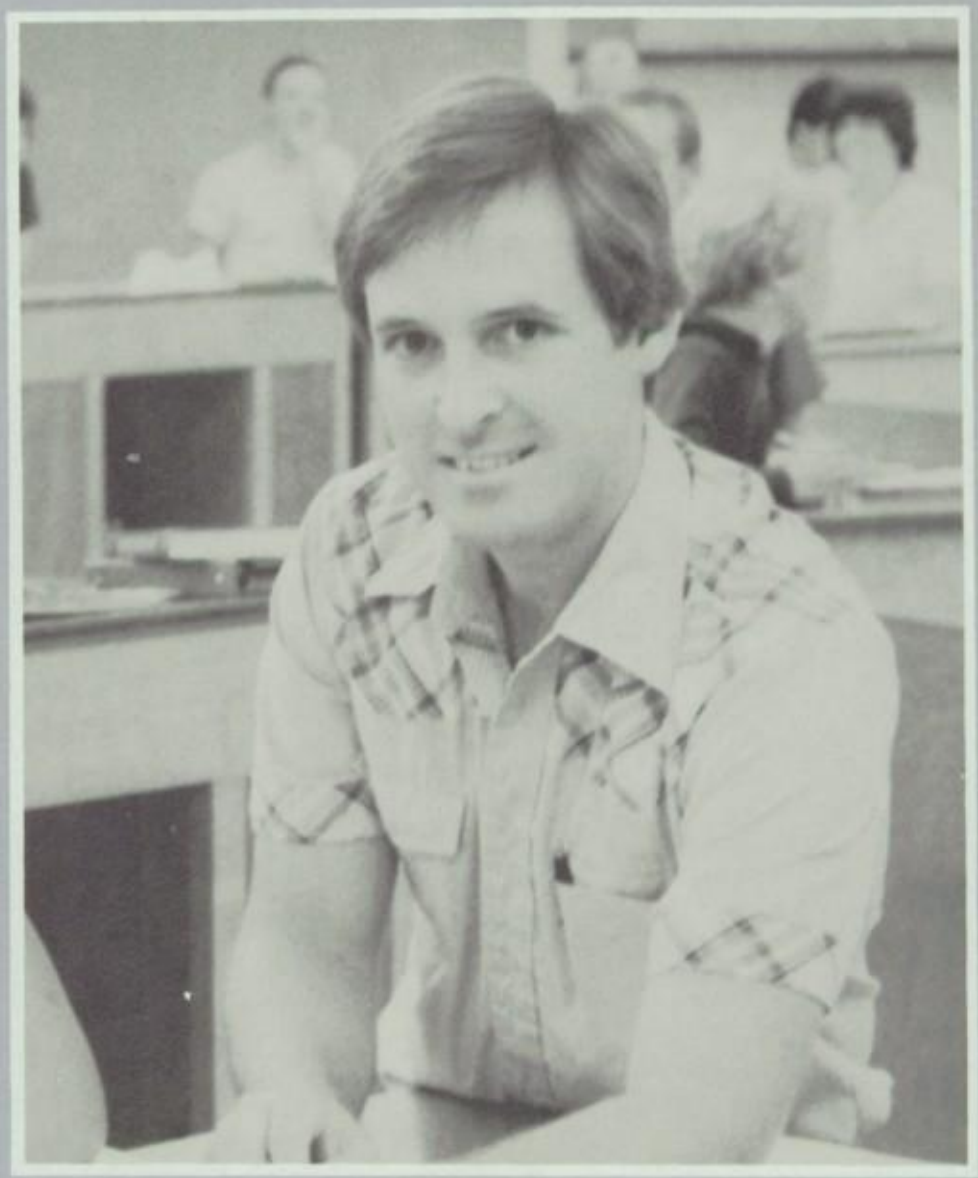


Top Right: ***Roger Bryant*** Bottom Right: ***Walter Carlson,*** Department Chairperson. Bottom Left: ***Barbara Prillwitz,*** Work Experience

Industrial Arts

Within the last 25 years, the Industrial Arts Department has been cut down to only four teachers. Rather than adding new classes, the basic ones have been improved to meet the modern changes and needs. Electronics is no longer offered and auto-shop now has federal aid to support it. The metal and wood shop added major equipment over the years. There are four basic categories from which all industrial arts classes form: metal shop, wood shop, auto-mechanics, and drafting. All industrial arts classes are electives, and both boys and girls are enrolled.





Top Left: ***James Porter*** Bottom Left: ***William Maley***, Chairperson Bottom; Right: ***William Martin***

Special Education

The Special Education program was added in the early 1960's. There are nine teachers who help in the three part program, and they are assisted by nine aides. The three classes concern basic skills, learning problems, and assisting in regular classes. Since the beginning, there has been a major emphasis on "mainstreaming" the students into other classes. There is no longer a segregation, due to the mainstreaming process.

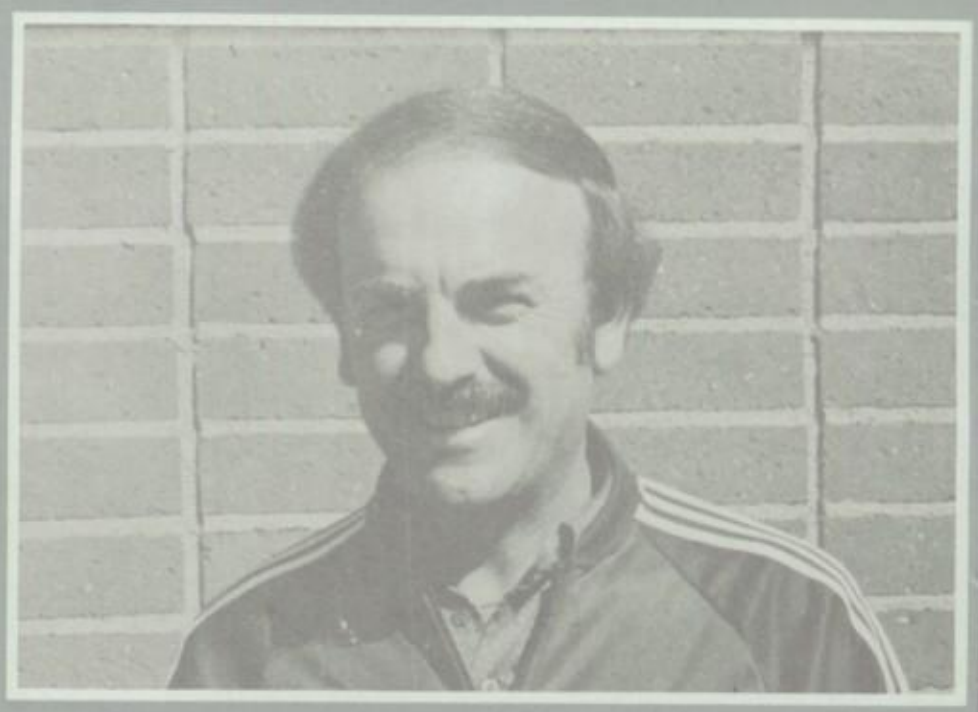
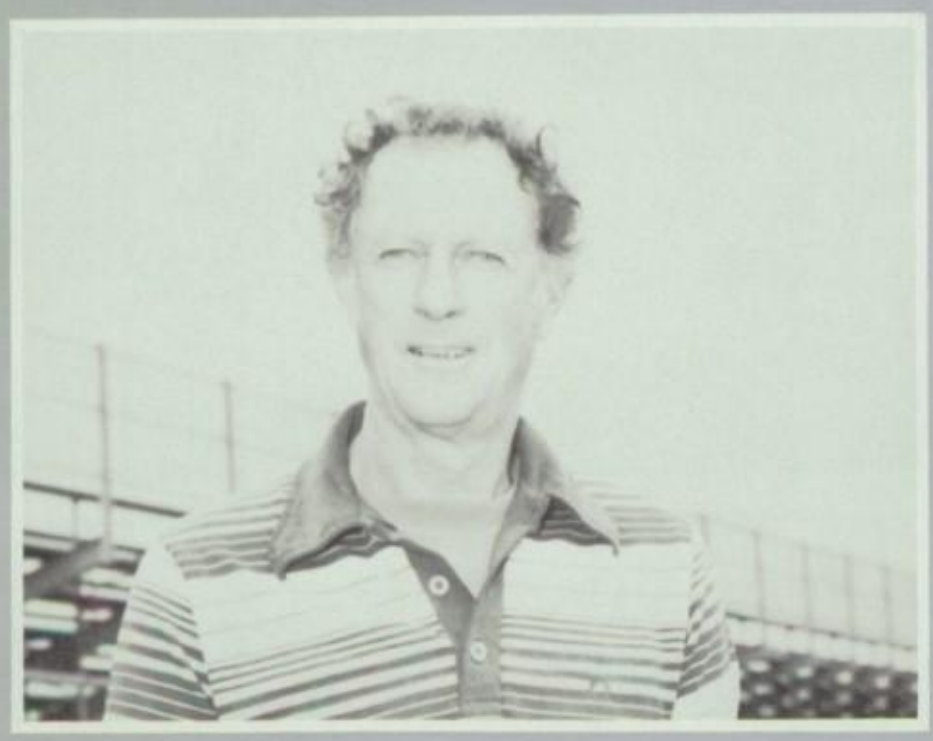
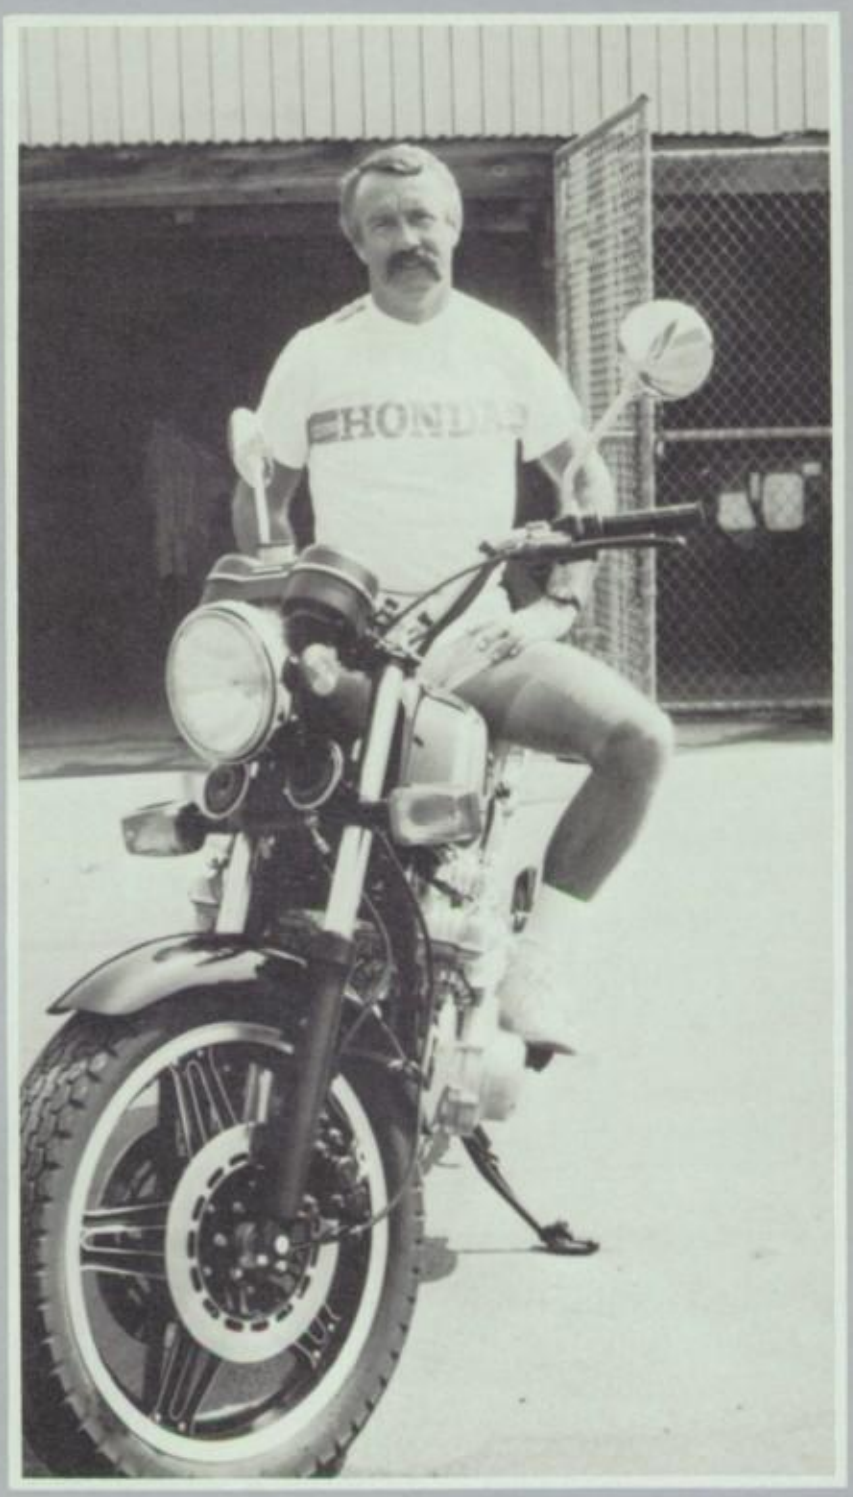
Coed P.E.

Right: ***Roger Gurich.*** Middle right: ***Eloise Longwell.*** Bottom right: ***Herbert Solomon,*** Department Chairperson. Bottom left: ***Jacqueline Krembas.***



The P.E. Department has progressed tremendously by the two gyms that were built. 25 years ago, P.E. and athletics shared the Y-wing. Once the gyms were built, the physical set-up became much better. The new building offered more room, and therefore, a wider variety of classes. These classes changed 4-6 years ago. P.E. used to be an elective class, but now a student is required to have 20 units to graduate. The most popular classes have been badminton, tennis, and volleyball. The newest additions are frisbee, dance, weight training, and fencing. There are now 14 teachers in this department.





Top Left: *Joseph Austin* Middle Left: *Richard Scully* Bottom Left: *Doris Avis* Top Right: *David Corman* Above: *Nadine Anderson*

Foreign Language

The Foreign Language Department has not had many major changes since the opening of South High School, 25 years ago. Russian and Italian are no longer offered, but the basic languages are still taught by six teachers. English is now taught as a foreign language. Spanish is the most common language that students choose to learn. Although there is no graduation requirement for foreign language, many students choose to take foreign language as an elective.

Library

The library was built in the spring of 1960, and has been undergoing improvement ever since. The first year, there were 6000 books; barely enough to fill the shelves. Over the past twenty years, the collection has grown to include over 39,000 books. During the mid 1960's, when enrollment was at its peak, there were two librarians; there is now one. The library's outstanding collection includes both class-related books and special interest books.

National Merit

Pictured: Top Row, Left to Right: Craig Chapman, Gregg Stiglic, Leslie Wong. Bottom Row, Left to Right: Lorrian Maass, Betsy Mead, Debbie Shea, Carolyn Crawford.

Carolyn Crawford has been named as Semifinalist in the 1982 National Merit Scholarship competition. Semifinalists represent the top half-of-one percent of the state's high school seniors. Carolyn is one of over 15,000 Semifinalists in the competition for 5,000 Merit Scholarships to be awarded in 1982. Students receiving Commendations in the 1982 competition were Craig Chapman, Rex Frankel, Arthur Furey, Walter Jones, Lorrian Maass, Debbie Shea, Gregg Stiglic, and Leslie Wong. These talented students are to be congratulated for their academic excellence.

The California Scholarship Federation (CSF) is an organization of students who have earned both excellent grades and outstanding citizenship. Each year, the club sponsors many fund raising activities. The proceeds go towards scholarships for deserving seniors. The members also perform various services for the school, such as tutoring. Their hard work is well worth the respect granted them by employers and colleges. These are students definately prepared for tomorrow.

Now that graduation is upon us, it is the time when many seniors look back over the past four years of their lives spent here at South. Remembered most are the good times, the times spent laughing and joking with friends, attending football games and dances, or just passing the time of day with friends. Also remembered are the times when we felt that nothing else could go wrong. Although we hate to admit it, school proved to be a very benefitting experience and it has helped us grow in many ways.

Students have many decisions to make in their senior year. One such decision, is the college that they want to go to. There are so many colleges, that it is hard to decide. There are private and community colleges to choose from. Hopefully, students will get to go to the college that they applied for.

It's that time of year again, and the seniors are catching senioritis. The symptoms are fairly easy to detect. They become listless, sick of homework, tired of their job, and fearful of their future. In addition to this, students start to skip their classes, and forge class passes. As in years before, the only cure for it is graduation.

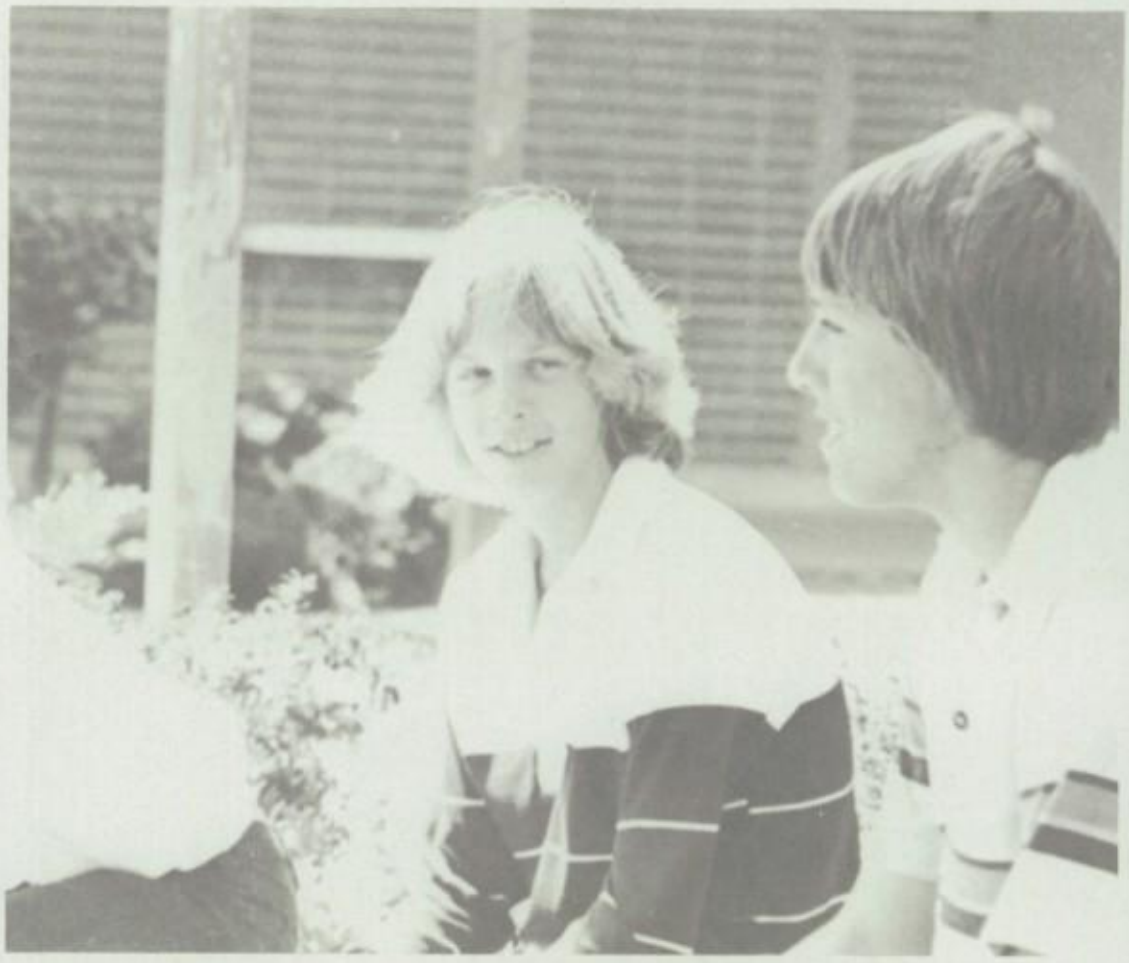
Time is moving on again, only this time we are forced to move with it. From here, we drift our various ways-college, work, or wherever life leads us. We look back upon all we have done up to this point, realizing we have accomplished a lot and learned much despite our occasional doubts. Many would like to remain at this point in life; however, we are powerless against time's progression. So we move on, entering the adult world and finally growing up.



Boy's And Girl's State

Joel Plotkin

Last summer, I had the opportunity to attend the 1981 California Boy's State. I gained insight to the working our government, and also freindships that will last forever.

I attended the State Capitol and met Governor Jerry Brown. I learned how our government works on both a state, county and city level. I also learned that the more effort and participation you put in, the greater satisfaction and knowledge you receive.

I regret only one thing; that not more people can be as lucky as me to attend Boy's State.

Cindy Gramstrup

Girl's State, what an unforgetable experience. Throughout the week, I spent in Sacramento this past summer, I learned how our government is run at the city, county, and state levels.

As we started the week, 600 girls made up sixteen different cities. From there, we formed our city councils. As the week progressed, four counties were formed, each of four cities. Girls ran for office,and we elected our county officials. Toward the end of the week, offices at the state level were to be filled. The girls announced their candidacy, campaigned by talking to girls in every city, made soap box speeches and placed signs all over the campus. We then elected one girl from each party and then we filled the other offices from governor on down.

I learned that by becoming involved, each person can play a meaningful part in his community. Girl's State stregthened my patriotism, and I gained many friendships and learned many valuable things about myself and others. I'd like to thank the American Legion for giving me this opportunity.

The one thing students hate to do is that dreadful thing called homework. It really can be a pain. Still homework is never ending. Nine months out of the year, students at South are doing homework . . . in some cases even on the weekend! Here, Kim Marumoto works dilligently on her assignment.

School alone does not always provide the excitement we expect. The many extra-curricular activities offered at South, provide an answer to this problem. Offered are a variety of activities ranging from football to the chess club. Whatever your interest, South provides a way to liven up your days.

School is finally over. The seniors have left us. They have taken the first step toward building their futures. The rest of us will be back in the fall, along with the incoming freshmen. At least, we will have a secure feeling knowing we'll be back at South.

The flower sales are very successful. For 75! ¢ you can buy a flower along with a note. It's just a way of saying thank you for being a friend. Not only do girls receive flowers, but the guys get them too. It's also a nice of letting that special guy or girl know that you like them.

South offers a wide variety of academic courses so a student can choose the courses most valuable to himself. We do this through a system called self-scheduling. We go at an appointed time and try to get cards for the classes we need. This is done twice year, and it is an experience you will never forget.

During their sophomore year, most students take Health and Driver's Education courses. The favorite of the two is the Driver's Ed. While enrolled, you learn the rules of the road, and see movies on safety precautions. Then comes the actual Behind the Wheel driving where you get to apply all you have studied. Finally, the long awaited day arrives when you get your license and you are free to drive alone.

Everyone is proud of their class. Class T-shirts and buttons show this pride. Your class spirit is also exhibited through a contest between the various grades. Activities for this include pyramid building, toilet paper races, and class yells. Most students get involved either by wearing their class color or by participating in the events themselves. The class competition has really promoted school spirit.

South High is an excellent high school. It has survived many changes over the past twenty-five years. This year is a special year for South. Not only is it the twenty-fifth anniversary, but this year the Spartans made it to the CIF playoffs in football. Also, the band and drill team won first place in the San Pedro Christmas Parade. Let's hope that the next twenty-five years are as good as the first.

The Sophomores have only two years left until they become Seniors. Seems like yesterday when they were Freshmen. The Sophomore year is an exciting year. They are no longer Freshmen. This is the year when they will start driving and searching for a job. The Sophomores will be out the door in '84!

Most students here at South will agree that high school life, in general, is exciting. Once in awhile, however, you do have to take a break. To sit and talk with your friends makes the day go faster. Many new friendships are formed when you are a Freshman, and some last beyond your Senior year.

Lunchtime at South is interesting. Many students who have cars, go out to lunch. Those of us who don't have cars eat on campus. The mall is the most popular place. On Wednesday there is always something going on in the mall. Lunch is the time to relax, and forget about grades.

As you can see, the L.A. Dodgers are the talk of the town. They won the World Series for the 1981 season. During the baseball strike, earlier this year, it was doubtful that there would be a World Series. Well, the Dodgers came through and proved that miracles can happen.

Sometimes studying can be hard. Especially, if it is something you don't understand, and you have a test on it the next day. It's easy to lose your concentration if you are trying to cram the information into your brain in a matter of minutes. Nine times out of ten, you forget what you just studied, as soon as the test is finished.

If we fill our hours with regrets
Over the Failures of yesterday,
And with the worries over the
Problems of tomorrow, we have
No today in which to be
Thankful.

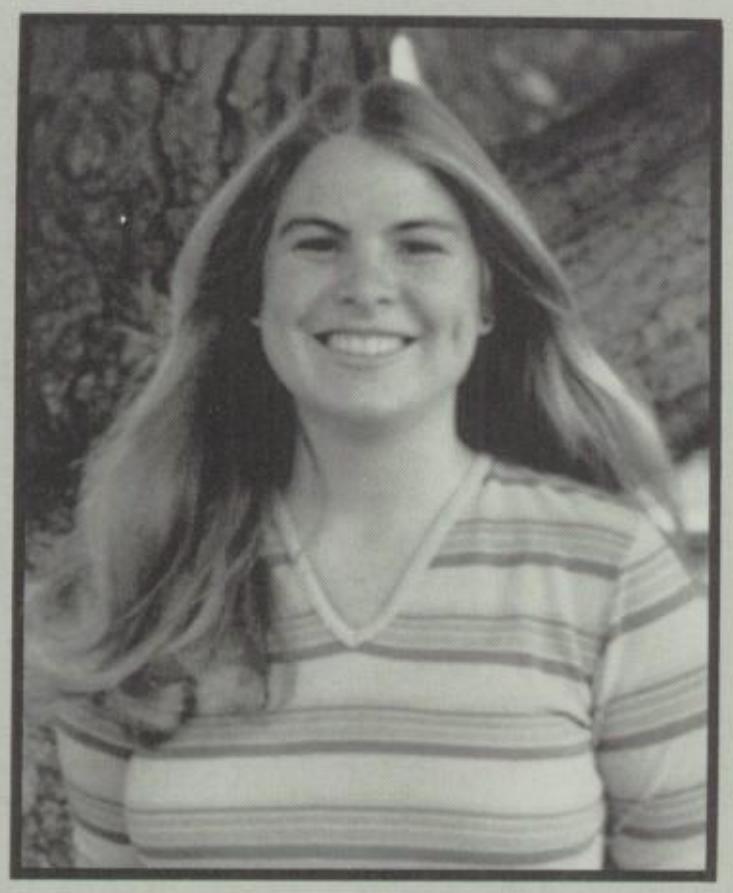
It doesn't matter what they say,
In the jealous games people play.
Our Lips Are Sealed,
Pay no mind to what they say,
It doesn't matter anyway
Our Lips Are Sealed.

—— The Go-Go's
"Beauty and the Beat"



South has reached its 25th Anniversary and we the annual staff have taken pride in producing the best annual we could. It has taken hard work and dedication and I think I speak for the whole staff in saying it was well worth it. South has been a very special place and as the editor I hope that in this book we have captured some of the memories of this past year.

I would like to thank the many people who gave their assistance in producing this book. Mr. McIlvaine for all his time and effort. Steve Wagner of the Josten's American Yearbook Company, and Spencer Pendergrass and all staff at Steven's Studios for all their hard work. Our section heads, Dean Chow, Dawn Miller, Russell Nelson, and Diane Smith who each gave so much of their time for this book. Last but not least Ms. Simons-Lorenzen, our advisor, for without all of her help this book probably would not have been completed.

Courtney Thomas
